HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

Run 2475

Hare – Strong As Shit

Monday night rolled on in, and it was time for another chapter in the adventure that we know as BNH3. The venue was spot on as it was right next to a train station, and the weather was perfect. This might have been the cause of the big crowd that turned up, and boy did they turn up. They came from everywhere, some from the far north (Caboolture), some from the far south (Indooroopilly) and some from the far west (Woodford), and then there was Jake the Peg (we don't know where he comes from, he just randomly turns up sometimes). 25 Hashers made the trek to experience a Strong As Shit led adventure.

At 6.30pm everyone quiet was called for so Strong As Shit could give the run/walk instructions. She said it was off that way. I think she said more than that but for the life of me I just can't remember. With that all but three Hashers set off like startled Gazelle being hunted by an African Wild Dog.

The Run

There were four runners this week, FIGJAM, B-, Torque Wench and Little Squirt. They set off on the same trail as the walkers blazing a path as they went but were then sent off on an extra big loop after they exited the cemetery, heading up to Queens Rd before finding their way to Nudgee train station. From there they found their way back onto the same trail as the walkers for the stretch home, but they came back in well after the walkers did.

- The run was 5.78 km.

The Walk

The walkers set off chasing the runners through some back streets and across some parks where they found a small snake slithering through the park just minding his own business. It was then along the laneway between the side wall of the cemetery and the neighboring houses, before eventually making their way through a gate at the end of the laneway and into the cemetery. Then it was out onto Saint Vincents drive, through some back streets before coming out onto Railway Pde for a nice long stretch home again.

- **The walk was 4.11 km.**

The Circle

The GM got the circle underway, but with the RA missing again he had to get our Grasshopper Strong As Shit to step up as RA.

Dog was asked what the run number was, but before he could even have a chance to get it wrong, Flower blurted it out and was made to come in for a drink for her outburst.

Pounda was asked to give the run count with a notable run this week being our GM who chalked up 300 runs. He was later awarded a 300-run badge for his troubles.

There were four returnees this week being Overproof, Bitta Relief, Jake the Peg and Dog. They all had varying reasons why they hadn't been to Hash, but no one really gave a crap, so they were made to have a drink for their absence.

Strong As Shit was called to the middle to answer for her crimes as the Hare.

Torque Wench was asked to give the run report – She said that it was very interesting, they had some bush (everyone likes a bit of bush) they had some road, they had some snakes, and they even had some death. She gave it a score of **1.5 out of 10**.

Canlhaveafeel was asked to give the walk report – She said that they had some wildlife and a hill for Pounda too, so that was considerate. The cemetery was fun, and it was well done. She gave it a score of **1 out of 10**.

Tail was asked to give the short cutters walk report – She said that it was fascinating, no snakes and no cane toads but she did almost get run over by a bloke on a pushbike towing two dogs. She gave it a score of **3 out of 10**.

Corn Cob was asked to give the security report – He said that not much happened at all apart from a few trains coming though. He gave it a score of **9 out of 10**.

Total of 14.5 out of 40

The circle was thrown open to Charges and Awards as below.

Charges	Awards
Torque Wench – charged by Dog for running past him and dropping a little fart in his direction when she bent over to pick up her water bottle that she dropped.	Big Dick – Overproof had this and gave it to Torque Wench for not being able to hang onto her water bottle so she might be able to hang onto the big prick instead.
Dog – charged by FIGJAM for answering when FIGJAM was talking to Tika.	Two Dicks – Corn Cob had these and gave them to Torque Wench for what I have no idea.
Overproof – charged by Pounda for being a very considerate husband and riding off and going home when Heart Start snapped her bike chain on the Sunday bike ride. Pounda had to go and rescue her.	Grub Shirt – FIGJAM had this and gave it to Strong As Shit for her very interesting arrows out on the trail.
Corn Cob tried to charge Pounda for something happening in the city with the Army. This was reversed as Pounda was at home watching the footy and didn't give a shit about what was happening in the city.	The Bone – Tight Arse has this but was missing in action.

	The Walking Stick – Road Kill had this and decided to keep it for another week.
	The Dummy's – Jake the Peg had these and gave them to Strong As Shit for complaining that the runners and walkers missing her shit arrows.
