## HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

### Run 2478

#### Hare – Jake the Peg

Wait! What happened to run 2477? Well, if you missed the camping trip to Blackbutt showgrounds, you'll never know... by all accounts it was a cracker of a trip! \*insert – 2477 has been delivered\*

The public holiday run (thanks Charlie!) was an early start of 5pm out in Everton Park, & if my local sources are correct, 4053 can be a bit of a jungle out there after dark. As those who followed the whole trail found out...

There were approx. 18 happy hashers who made it back to Brissy on time & at least 2 latecomers who shall remain nameless. It was a pretty sunset & moonrise for those who took on the twists, turns & hills with the trail on chalk & dunny paper.

At 5pm, the timely hashers were waiting out the front for instructions, however, since I was one of those who (like the grand final winners) had to make an entrance...

#### The Run

There were 4.5 runners this week, FIGJAM, Little Squirt, Bitta Relief & Torque Wench. Honourable mention to E.T. who ran down the hills. Everyone was on the same trail, although a couple of runners did get a little confused with which way the arrows went & others 'allegedly' took some liberties with short cuts...

- The run & walk were both 5.07 km.

## The Walk

The walkers gave the late arrivals a wave (there may have been some birds) & did a lap of the library followed by a walk in the park. Lots of doggos got pats on the way. Most people walked around the fence line, though I heard a vicious rumour that one person seriously considered jumping the fence & someone else ran into the fence...nah, can't be true!

It was a masterclass in making 1 kilometer turn into at least 3 by going around the block & just when you thought you were going home for a beverage...those hills! Gorgeous views from the top of the city & sunset, with a sneaky bribe of an icypole to keep you pushing to the next ridgeline. You'd think that it was all downhill from there like Structure Fucker did...nooooope!

Needed a 4wd for the overland section, lucky there was a loo paper trail to follow & no injuries that I know about. But like the song says (paraphrasing) you'll find those arrows in the end. Check out the map for street names etc, it was fun.

- **The walk was also 5.07 km.**

## The Circle

The GM got the circle underway, with Chunda upstanding for support & to tell the peanut gallery to STFU. Well, someone helpfully gave them the horn.

The malingerers who missed the camping because they were drinking elsewhere & the employed who were serving drinkers elsewhere were called to the centre & named & shamed as Cheeky Monkey, Torque Wench, CanIhaveafeel & Tight Arse. Such a crime that they didn't even get a song or a drink 😏

The GM was about to nominate someone to give the run number when Little Squirt ~~couldn't help himself and blurted it out.~~ was actually asked & got it right! He was \*not\* given a drink for his outburst.

No birthdays so Pounda was asked to give the run count/roll call with Cheeky Monkey turning 21 & scoring an impromptu song.

There were no returnees this week, what the f? Where are they?

Jake the Peg was called to the middle to walk the plank...

There was debate between Bitta Relief & FIGJAM as to who completed the whole run. When they are both that stubborn, I vote rock, paper, scissors (or check the smart watches...) – He was louder so gave it a score of **5 out of 10**.

CanIHaveAFeel was unprepared when asked to give the walk report – she appealed to Pounda & was cut down like long grass, so short answer after cross country adventures... **3 out of 10**

Tail (called Flower) was asked to give the short cutters walk report – She saw 'Fallon St' so stopped right there...She gave it a score of **5 out of 10**.

This week we had a dog walk report...Tight Arse went out with the dog, it had a crap, he was responsible & picked it up...photo evidence below... **score 4 out of 10**

Chunda was asked to give the security report – He said that the security was pretty good because lots of families & doggies. He gave it a score of **1 out of 10**.

**Total of 18 out of 50**

**Pause for applause...** Cheers to Pounda for all the organization of the camping trip & of course to Beat-A-Root for all the cooking! Chunda insisted that those who weren't there missed out, but then he listed all the injuries that occurred so...sympathies to Chunda, Heart Starter, Strong As Shit & Floater. See run 2477 & bring a fucking doona!

The circle was thrown open to Charges and Awards as below.

<b>Charges</b>	<b>Awards</b>
Bitta Relief – charged by Torque Wench for taking the 90 degree arrow literally... & jumping into a solid fence.	Big Dick – Torque Wench had a brain fail & forgot to bring them, even though she was at home all weekend...& we don't have a dog...
Singapore Sling – charged by FIGJAM for being an awesome Canadian & allegedly getting B1 approved as a health food instead of a health hazard. What was that about a	Two Dicks – Torque Wench should maybe consider her life choices...just saying as a slightly concerned parent

miniskirt?	
Little Squirt – charged by Torque Wench, something about collecting a TV, sound bar from street junk...but not carrying them all back.	Grub Shirt – Ten fingers has this & where does he think he is?
