HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

Run 2479

Hare – Chunda aka Jake the Peg

Back to regular programming for a 6:30 start at Kallangur (supposedly meaning 'good place') & though there were storm clouds gathering, the R.A. did an outstanding job of keeping them away from the run.

Apparently, this trail was a cross-country dream with hills, obstacles, rivers to cross, bikes to ride & a convenient supply of loo paper for anyone caught short...

There were 22 hashers who braved the back streets of Kallangur with the trail on chalk & loo paper.

Once they found the beginning of the trail that is...

Bike hash is on Sunday; ask Jake for more details if that floats your boat, next hash is Little Squirt at the Infamous Versace Ave.

The Run

There were 6 runners this week, FIGJAM, Little Squirt, Strong as Shit, Torque Wench & the visitors Slingshot & Hiding in the Shadows. The runners took off to lead the pack & chase down all the checks, wild goose chases & sneaky cross-country hikes. Some toads were maliciously targeted for being on the trail, however, since the hashers couldn't catch them to kiss them, they were completely unfazed & waddled off in their own sweet time.

- The run was 4.37 km.

The Walk

With a clockwise loop through the backstreets followed by a walk in the park (& through some sludge), the walk sounds like it was just a bit dirty. A few regroupings, more toads that worked instant karma on walkers that tried to harass them *Corn Cob*, & a fairly smooth wander home & Smooth Ride said she had a very good walk.

- The walk was 4.24 km.

The Circle

The GM got the circle underway, with Cheesecake furiously concentrating on keeping the storm away during the run & Strong as Shit was ready for anything!

The rat in the G.M.'s head was dead as a doornail, so the hamster wheel had to be hand cranked to find out the run number. Torque Wench was put on the spot & with some helpful community stage whispers, managed to get it right.

No-one admitted to having any birthdays, so Pounda was asked to give the run count/roll call with Channel Marker turning 20 & lots of cheers were given for the fun numbers with Corn Cob on 69 (& he scored a proposition!), ET on 169, lots of 'car noises'? & a big cheers for Strong as Shit for who knows what on 91 runs.

We had some visitors in town who were given an opportunity to fib/embroider/flat out lie about where they've been hiding... Slingshot & Hiding in the Shadows apparently don't even live in Queensland...how rude! A song & libation were offered & a dry 'get the fuck out' completed their interstate sojourn...

The hare/s Chunda & Jake the Peg were called to the middle & the sledging began!

The run report was handed off to Hiding in the Shadows, they had a go at our intrepid hares for having to go into a river, trudge through some sludge & kiss some toads... well, where else are you going to find toads? They gave it a score of **9 out of 10**. Bit harsh? Apparently not...

Ten fingers gave the walk report, he reckoned it was well marked, had good regroupings, he got to go for a walk in the *urban* jungle, through some creeks, there was a bit of bush (Pounda likes bush...) Ten fingers gave a score of **8 out of 10!** Jake the Peg offered to have some old men benches supplied next time.

Smooth Ride was asked to give the short cutters walk report – she mentioned lots of arrows, she had a good walk & threw out a **7 out of 10**.

No security report – Something about Chunda having a wank...score of **N/A out of 10**.

Total of 24 out of 30 worst run score of the year?

The circle was thrown open to Charges and Awards as below.

Charges	Awards
Corn Cob – charged by Pounda for being dumb enough to put his hip out whilst trying to avoid a toad. Corn Cob got a song & a drink for not kicking the toad into Ryvita's back	Big Dick – Torque Wench awarded it to Singapore for being unsuccessful in making Figgy cry (or something to that effect...) to be used where the sun don't shine for hardening up purposes
Slingshot – charged by Torque Wench for trying to kick a toad & completely missing. Then having a temper tantrum. The toad was so unimpressed it waddled off on its own	Two Dicks – Torque Wench awarded these to Little Squirt. One for trying to turn the run into a bike hash by stealing a little girl's bike & attempting to ride it. The larger one is to straighten yourself out for confusing Strong as Shit & Torque Wench - 3 freaking times!
Strong as Shit – charged by Hiding in The Shadow regarding her lack of navigation skills after trying to do the course again!	Grub Shirt – Ten fingers still has this...but what has he done with it?

Singapore Sling – charged by FIGJAM for misappropriating the gift of vegemite that was meant for the newborn to make vegemite cheese scrolls & put it in his own belly	The Bone – Sex Change so that he could hang on to it for six months. Well he’s on target... & still missing in action... how many weeks now?
The 3 blind mice were called in – Pounda charged E.T., Singapore Sling & Cheesecake for missing arrows	The Walking Stick – Chunda passed it on to Corn Cob for the aforementioned hip incident
Tight Arse - called in by Pounda for loving his name so much that he spent the walk taking pictures of his own arse with his camera in his pocket :-D	The Dummy’s – still with Overproof to help soothe his tantrums
