HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

The Infamous Run 2480

Hare – Little Squirt

Apologies for the delay in publication, it's been a busy week!

Run 2480 will live in Hashers memories as a walkers dream & a runner's nightmare...

With false trails galore, lots of twisty walkways & an over lander section through some bush, anyone who was silly enough to forget their torch *cough* B-, Bailey & Torque Wench, Cheeky Monkey *cough* would find it difficult to find their way without a little help from their friends (FIGJAM, Ned, Channel Marker, Pounda).

This time it was Bray Park that hosted our intrepid hashers & the streets echoed with the varied calls of 'on-on'. The weather was warm with a fresh breeze as a pleasant backdrop & not a drop of rain in sight.

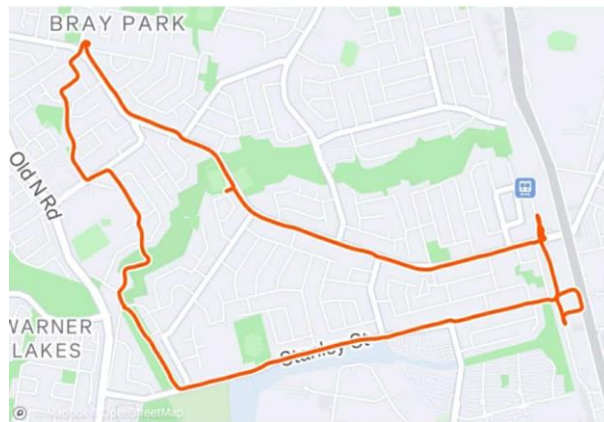

The trail was all on chalk, no loo paper this time. Extra instructions for runners were 'when you can't see an arrow, keep going straight....' 9.02 kms later...

Approx 19 hashers found their way to Versace Ave for shits & giggles or should I say giggles & getting the shits... At least everyone made it back, eventually, before the esky was empty & search parties sent out, though it was close.

The Run

Little Squirt Hash Run

Distance	Pace	Time
9.02 km	9:11 /km	1h 22m

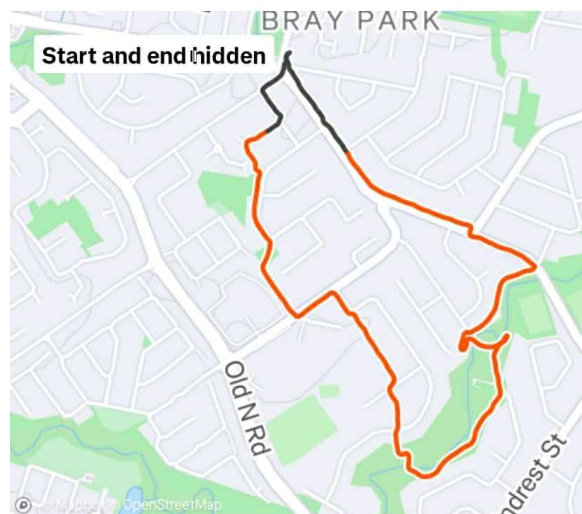

There were 5 runners this week, **FIGJAM, B -, Torque Wench, Bailey & Ned**. With all the false trails it took approx. 80 mins & there wasn't even a drink stop at the bottle though I hear stories about a renegade bubbler trying to take people's heads off. The trail led all the way out along Samsonvale Rd where there was an option to go left, right or straight ahead to the false trail...then the hunt for the arrows began... after finding a random KFC, there was another false trail...after a reconnoitre up the rail overpass, shock horror! There was an arrow! So, a twist around the block at Strathpine then a nice straight stretch down Stanley St & through the park & backstreets. Or was it the other way around? Either way...

- The run was a whopping 9.02 km.

The Walk

Little Squirt Hash Walk

Distance	Steps	Time
3.80 km	5,030	49m 1s

Starting out with a slide across Torque Wench's car bonnet which was parked right in front of an arrow, & whose P-plate somehow *cough* Chunda *cough* ended up off the front of the car & on the roof :-D, the walkers initially trailed the runners before branching off on their own little bush walk. If you didn't have a torch (or phone torch) it all got dark pretty quickly. A lovely stroll through a park

with some flowers for distraction. An interesting walk with lots of sneaky walkways to wake up Bray Park's sleeping dogs & a false trail or 2 that Chunda stood on till everyone had walked every centimeter of the trail & regrouped. Which was very considerate considering the walk was so close to the golden number of 4km...

- **The walk was 3.80 km.**

The Circle

The GM got the circle underway, called for hash quiet & the run number! Channel Marker was sent to the middle for not having any idea. Little Squirt was actually asked for once & of course was correct, hurrah! A song was offered...

Returnees: B - had been hibernating, Ned couldn't give a toss & Bailey who reckons he has a life & a job...drinks were raised, well, we drank them as 2/3rds of the returnees were minors...

Run counts had a notable with Ned on 499!! Pounda got a vroom for 427.

Little Squirt was invited to the middle....

Run report: B – said it was shit, couldn't hear what his score was...

Walk report: Cheeky Monkey had a really good walk, she liked it & gave it 3/10, & a couple of people did make a point of congratulating Little Squirt on the walk. Though FIGJAM thought the shortcut was a great idea...

Security: Ground Sheet gave it 3/10

Short cutters – Sherbet 3/10

Still not the worst run of the year....

Figgy had firm opinions about long runs on a Monday evening & opened the charges...

Charges	Awards
FIGJAM charged Little Squirt (you may need to refill your drink, this could take a while) with Bringing politics into hash with an 'Albanese' run... the arrows were all on the left...it was suggested that the trail was long enough to make it to the outskirts of Brisbane City Council... & that was just the beginning!	Big Dick – Little Squirt awarded the Big Dick to FIGJAM for whining & bitching about the run. FIGJAM had another bitch about thinking the runners were in front of the walkers as the trail hadn't been marked off.
Torque Wench charged Ned with 'squirting' a warm liquid on her & Figgy, Ned seemed oblivious but went to the middle for a drink & a horse song...	Two Dicks – Little Squirt decided to keep to 2 dicks. It was suggested by the peanut gallery that he insert them instead...
Structure Fucker charged Cheeky Monkey with a lack of a torch... Pounda saved her with a spare.	Grub Shirt – Ten fingers still has this...but what has he done with it?
Pounda extolled the virtues of Bray Park (even though they've had a siege down the street) & called out CanIHaveAFeel for being a Cabo bogan who verbally abused poor little Pounda as he was on his electric scooter on his way to hash. She raises her little finger as she raises her glass...	The Bone – Sex Change so that he could hang on to it for six months. Well he's on target... & still missing in action... how many weeks now?
	The Walking Stick – Corn Cob passed it to FIGJAM, again for having a whinge
	The Dummy's – still with Overproof to help soothe his tantrums
