HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

Run 2481

Hare – Structure Fucker ‘Strucker’

How offensive is too offensive?

Run 2481 involved public drunkenness, car races, changing clothes in public, multiple participants being turned on by finding the cheapest petrol in Brisbane & a debate about the difference between a hill & an incline... but what else is new?

Gosh... those security conversations were almost enough to make CanIHaveAFeel blush!

Sandgate had the pleasure of being the hottest run/walk so far of the season. There was a lovely beach walk included so Cheesecake could try & catch crabs from Sandgate to compare with the Nudgee shirt he was wearing & the breeze over the Einbunpin Lagoon was luckily drifting in just the right direction to carry away the aroma of fetid duck poop. That was a bit of good planning Structure Fucker! Don't worry, charges are incoming....

17 followed a trail that was very straight... until it got bent, then ran straight... till it bent... straaaaaigh, bent & the last section was straight back for the last bend (over). It included a slight incline *cough HILL cough* but that didn't even matter as Pounda had chopped the top of his toe off & didn't do the walk.

The only real issue was 'Fuck it was hot, where was the pub drink stop?'

The Run

Structure Fucker's Hash Run

Distance	Elev Gain	Time
6.11 km	161 m	55m 15s

There were 4 runners this week, **FIGJAM, Torque Wench, Strong As Shit & Little Squirt.**

Please note: elevation of 161 = a hill.

It seemed to be an evening of parks, train stations & waterways... Starting from the gazebo over the Sandgate lagoon, turning past the Maccas, through Curlew Park (aka murderbirds), along a gravel track, past a marina where it may have been tempting to catch a boat & sail around the point back to Einbunpin instead of running & there was a long beach for catching crabs...
#Cheesecake'sNudgeeShirt.

The run was a modest 6.11 km. But it was 36 degrees & there was no drink stop at the pub...

The Walk

Struckture Fucker's hash walk.

Distance	Steps	Achieven
4.67 km	5,338	

Starting out on a similar track (did anyone get swooped?), the paths split when the runners were sent to the gravel. A nice straight trail along Palm St & then chasing /catching crabs along the waterfront. A well thought out path, there was even a bollard opportunity provided for Pounda's entertainment, but he'd already pre-empted the damage with a busted toe. No-one got lost on this one & everyone made it back in time for a drink during the circle shenanigans

- **The walk was in the golden zone of 4.67 km.**

The Circle

The GM called circle up & was given a cheeky toot from the horn, then asked Torque Wench the run number, which she got correct!

There was an attempt by Chunda to point out that Tight Arse should have been in the middle as a returnee but apparently, it's only been 2 weeks, so Chunda was off to the centre for a song. No-one admitted to having a birthday, so it was on to the run count.

Notable run counts: Pounda got a dogs date vroom for 428 (& a who cares) & Tight Arse had 123.

The G.M was called to the middle as Hare & was ready to take the abuse.

Run report: Strong As was very hot & pointed out that there was a fair gap (330 metres) between a couple of arrows. Gave it a 4/10

Walk report: Chunda – well, where does he start... he reckons the Hare (not the G.M.) lied & said there were no hills, but there was definitely a hill. Other than that, it was fucking good man! 2/10

Short Cutters: Cheeky Monkey – the hill had her puffing & she only did a tiny walk. 2/10

Security: Pounda – had great company with Channel Marker & CanIHaveAFeel who got an education on various racetracks/cars/races etc & apparently almost got naked. Had some randoms walk through & there was a lady who donated a couple of bottles to the hash fund. Pounda started with a score of 10 & reduced it by 2 for the company & another 5 for the entertainment leaving a score of 3/10

The Run score was 11/40

Charges	Awards
FIGJAM charged the GM for not having a pub drink stop when it was over 35.9 degrees. Figgy couldn't believe he got away with charging the G.M. :-D	Big Dick – was awarded to CanIHaveAFeel for confusing her parallel universes last week when she said Little Squirt awarded it to FIGJAM. So FIGJAM pinched it, gave it a rub & presented it to Feels.
Torque Wench charged CanIHaveAFeel with both the disability of not being able to do what she is told when being picked up for hash, but also the redeeming quality of that big fucking red cast so at least she could be found two blocks from where she was meant to be!	Two Dicks – Little Squirt also decided to award the two dicks to CanIHaveAFeel for having dicks in her ears instead of listening to her pick up instructions. Feels feels that she's scored the trifecta...
Pounda charged by Cheesecake for leaving his wife on their 18-year wedding anniversary to come to Hash, then Cheesecake got dobbed in by Chunda for showing up Pounda by taking his own wife out for a special weekend with fancy hotels & musicals!	Grub Shirt – Ten fingers finally showed up with the grub shirt & gave it to Strong As Shit for wearing an Independence Day shirt with the wrong date??
Channel Marker charged by Ground Sheet for chickening out of going for a swim. A comment was made that if she got wet, she'd get even taller.	The Bone – Sex Change STILL has this! We're going to start a count...
Strong As Shit charged Structure Fucker (as the hare, not the G.M.) for dodgy arrows	The Walking Stick – FIGJAM handed it over to Pounda for his busted toe.

A post awards charge was levelled at Pounda for not going on the walk to find his specially marked bollard. A song & drink followed by a spray was offered.

The Dummy's – still with Overproof, we're starting a count for this one too 😊
