HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

Run 2482

Hare – Cheeky Monkey/Ground Sheet

Run 2482 took us on a tour of the pagan province of Petrie. With a virgin in the midst, it was a noble quest in search of a unicorn! Following chalk & flour, the quest began!

Ahh, but like all true hash adventures, especially those set by a Cheeky Monkey, there were several side quests (Maccas) & a few obstacles (like a speeding train) to a clean trail. This created a few opportunities for regrouping & kept most of the pack together.

At least the weather was clear during the run, a little lightning was spotted after the circle, but it was kinda over near someone else's place, so no-one was worried about it. Much more comfortable temperatures than last week too!

20 hardy hashers took on the challenge of a unicorn hunt & although there was plentiful wildlife around, I'm afraid the horn of the unicorn remained elusive...

The Run

No bastard managed to send me a copy of the run in time, (yes, I checked my emails) so good luck figuring out where those mofos ended up... actually, didn't they mention a questionable pub stop? Betcha they all sat at the bar for an hour, then toddled off back to the circle...

There were 8 runners this week, **Bailey, Dog (with Tikka), FIGJAM, Jake, Little Squirt, Matty & Torque Wench.**

Starting from the Water Park, the runners followed the flour & chalk marks across the lights...now, did any of them stop for the lights? Nooooo, jay runners the lot of them! They didn't stop till some of them found a questionable pub stop & then the rest of the group ran straight past! To stave off the bitter disappointment, Little Squirt gallantly provided ice-creams from Maccas.

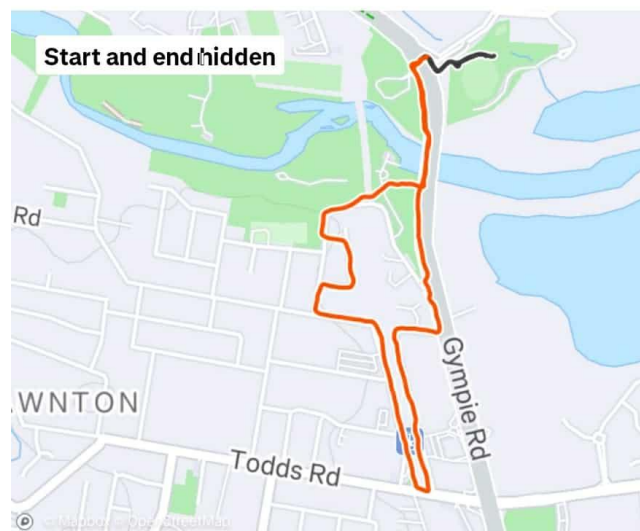

The fauna adventures started soon after when it could have been inferred that the trail markers had run out of chalk & had switched to using multiple dead crispy toads but thankfully the flour trail picked up again. After some twists & turns, a Bilby was spotted! Then the HHH was sighted & drinks were opened!

The run was *fuck only knows* km. Late mail – it was 5.15km

The Walk

Cheeky Monkey Hash Walk

Distance	Steps	Time
3.61 km	4,684	44m 8s

The walkers took off in pursuit of the runners; however, they actually put safety first & waited for the lights to change. Ten Fingers was all for the illegal activity but was peer-pressured into behaving. Once across the lights it was a left turn & while searching for the trail at the bridge we found the way home, whoops!

Following the flour trail up to the golden arches, there was no time for side quests as we had a train to catch! Sure enough, the alarm bells & lights started just as we were about to cross the tracks, so it became an impromptu regroup. Down the other side of the tracks, finding those dead crispy toads before romping on home through the park.

Then there was time for a side quest with a couple of hashers who shall be named in awards to go that little bit further for a 4 km walk... They still didn't find a unicorn though!

- The walk was a bit shorter than the golden zone at 3.61 km.

The Circle

The GM called circle up & sonically strained strains of 'Why are we waiting' sounded while hashers pulled themselves together. A massive burp incited a 'pig fucking face' reply... welcome back Flower!! We've missed you! Dog was asked for the run number, he reckoned it was still under 2500 so had 2499 chances to get it wrong...though he wasn't far wrong...he chose 2492 & was sent to the drinking post to reflect on his lack of hash trivia.

Notable run counts: CanIHaveAFeel & Cheeky Monkey both scored quarter centuries. Torque Wench 40, Dog 1088 & the virgin Matty 1. Pounda forgot a few hashers though & had to back track...

Returnees... Flower, Dog (both of them) Overproof (& he knows it!!) Jake the Peg

The introduction of the virgin: Matty, lives in Cabooture (though born in Townsville) & Torque Wench made her come. Bonus points for wearing a hash shirt on their first hash!

Cheeky Monkey & Ground Sheet were called to the middle as Hares & the knights of the round table *circle* drew their weapons.

Run report: *Buurrrrrrrrrrr...* 'Fucking Pig Face' Figgy called up for the report & pointed out for a virgin run it was very good. But the trail crossed so + or - 5 points...1/10

Walk report: Ten Fingers well marked with flour, saw the sights of Lawnton didn't get lost... -2/10

Short Cutters: Flower - Gm pig fucking face flower had been splendid walk with 'flour' laid all over Petrie 14/10 ok, since she got laid everywhere 15/10

Security: no security,

The Run score was 14/30

Charges	Awards
Dog talked about how nice Little Squirt was, buying the girls ice-creams...but left the rubbish outside the bin....	Big Dick - CanIHaveAFeel awarded the big dick to Flower as a welcome home gift
Smooth Ride charged Flower with forgetting that they'd been talking for hours. <i>Flower self-identified as being a blind fuck</i> ...how would that look if you couldn't see? GM herded the dogs into the middle...charged them because the fucking dog keeps barking! Tikka should keep better control of Dog...	Grub Shirt - Strong As Shit has possession & was absent this week (1)
FIGJAM - charged Little Squirt on the trail master job description - Squirt referred it to Groundsheet but took the drink (as would I :-D)	The Bone - Sex Change STILL has this! Seriously, count must be eleven hundred weeks by now (1100)
