HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

Run 2483

Hare – Road Kill

Well, after last week's unsuccessful unicorn quest, (though it could be argued that Flower's award might suffice as a horn,) this week BNH3 found itself in the presence of royalty. Not only was the Princess Royal in town for the 100th anniversary of the Royal Australian Corps of Signals, of which she is the Colonel-In-Chief, Northside gained it's very own 'Princess' as Bailey was anointed with beer & cider in his naming ceremony to become a proper hasher!

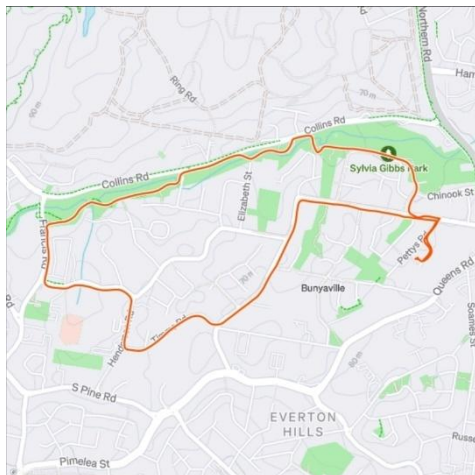

Run 2483 seems to have been inspired by last week's prescient outburst of song 'The Hills Are Alive' because gawd knows there were enough of them! The instructions stated that the first half was hilly but once it hit the halfway mark it was all flat. Liar, liar, pants on fire!

And it rained! Cheesecake, Grasshopper, what went wrong?

A whopping 27 hashers started the trail, but how many finished?

The Run

There were 7 runners this week, **Bailey (Princess), FIGJAM, Little Squirt, Matty, Ned, Strong As Shit & Torque Wench.**

There were a few different environments including footpaths, streets, workout playgrounds, parks that were reminiscent of Jurassic Park & yes, I heard about the 'complete with a couple of dinosaurs' comment too. So cheeky! & all those hills!! There were various shenanigans as usual, this one including Bailey flashing everyone & a failed sign-napping attempt (too far to carry back).

Leaving Jacqueline Ct, it was a dogleg down to Bennetts Rd where the hills started & didn't stop. Once the ridgeline was eventually crested it was a left hook onto Buckland, a right onto Timms & a swerve through Henderson, Bunya & a bushwalk home where a tawny frogmouth was spotted in the trees.

The run was 6 km

The Walk

The walkers set off on the same trail as the runners & went up & down lots of hills! Once we hit Bennetts Rd, it was a straight line in direction, though the elevation would have been interesting to track. Turning left there was a reviving breeze while walking along the ridgeline (the 'flat section') then it was back to the vertical journey. We did pass a neglected office chair & the thought *may* have occurred to some to ride it down the hill but of course then someone would have to push it up, so it was left to be neglected some more. Torches were turned on & owl spotting commenced, I didn't spot any, but the runners found a tawny frogmouth!!

- The walk was 5.5 km.

The Circle

The GM called circle up & the burping began even though Flower wasn't there!

Run number: Channel Marker... in the middle... Little Squirt... in the middle for an easy drink!

Notable run counts: Pounda decided to change his profession & attempted to be a poet, Singapore sling 181 (delicious) but it was Ned's night with 500 runs!!! Ned was presented with a 500-run pin & a song!

Returns... Ned couldn't give a toss, Bitta Relief, Sherbert, Tail forgot, Singapore Sling & ET were dobbed in... no one knew their left from their right

The naming ceremony: Northside Hash House Harriers gains a 'Princess' with Bailey receiving his name tonight.

The Hare: Road Kill

Run report: FIGJAM would buy real estate from Road Kill if that's how he measures spaces between the arrows, somewhere different, what's your Scottish name, the lack of chalk was the giveaway & there was a crossover so + or - 5 points score 2, no, 3 because FIGJAM didn't get any little boys (hotdogs)... 3/10

Walk report: Pounda On a 5.5 km walk, the last 2.5 km was fucking awesome, the first 3 km was shhhiiiiittttt! He'd rather shave his right testicle with a blunt potato peeler than do that again 10/10

Short Cutters: Tail went down a hill, up a hill, down a hill, up a hill...down a hill, up a hill & back again. It took her a grand total of 18 minutes & she gave it a 1/10

Security: Ground Sheet gave 5/10 (couldn't hear her comments, so quiet!)

The Run score was 19/40

Charges	Awards
Pounda tried to charge the R.A & Grasshopper for the rain but since they reckoned it was the slow coaches who held them up it was transferred to the person who was last in... Ten Fingers!!	Big Dick – Flower is still enjoying her welcome home gift & skipped Hash tonight.
Tail tried to charge Torque Wench with not wearing a Hash shirt. However, it WAS a Hash shirt, so Tail was sent to the middle...	Two Dicks – to Pounda for being a sad sack over his missing knife.
FIGJAM charged Torque Wench with littering as the discarded bottle was not recyclable. Torque Wench was successfully charged.	Grub Shirt – Strong As Shit has possession & was HERE this week but didn't bring it.
Little Squirt charged Matty, Torque Wench & Bailey for overachieving on the run by using the exercise machines in the park.	The Bone – Sex Change sent it back to Hash, since he'll be away for a while via Heart Starter... who presented it to Pounda for losing his favourite pie-lid lifting knife after wailing & whining.
CanIHaveAFeel charged Pounda with a catastrophic failure to read the weather, resulting in her cast getting wet with just 2 days till it came off. Strong As commented that even if Pounda didn't come back wet, Feels did (to general hilarity).	The Walking Stick – Pounda gifted it to Flower last week for not completing the whole walk and she hasn't managed to find her way back.
FIGJAM wants to know something about the Monarchy & if Pounda is looking after the Princess, Cheesy reckons if Pounda isn't there it will all be fine. Reversed so Figgy had a drink.	The Dummy's – Overproof gifted them to FIGJAM for having all the running paraphernalia & living up to his name.
