HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

Run 2487

Hare – Structure Fucker – Tinsel Tits Run

This week Structure Fucker committed the cardinal crime of **not** living up to his name! How rude! From all reports (& they are listed below as usual), there were plentiful clear arrows, some regroupings (more on those in charges), lovely scenery & company, with just the right amount of 'inclines'. So overall, it was very well ...*structured*... sorry, not sorry!

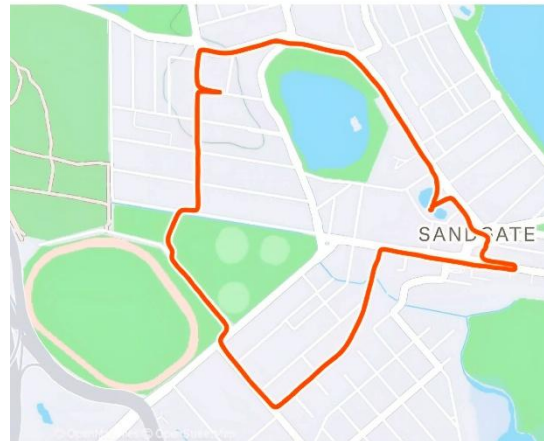

In fact, the only thing that was fucked up was the lack of tinsel tits.

Torque Wench, Princess & CanIHaveAFeel had tinsel in the car to make tinsel bras for the run but felt that Torque Wench had already made enough of a spectacle of herself on arrival with her attempt at taking off the undercarriage of the 'mighty Ford Fiesta' whilst parking.

The Run

Structure Fucker Hash Run

Distance	Pace	Time
5.18 km	8:14 /km	42m 41s

There were 5 runners this week & 3 of them were actually on time!

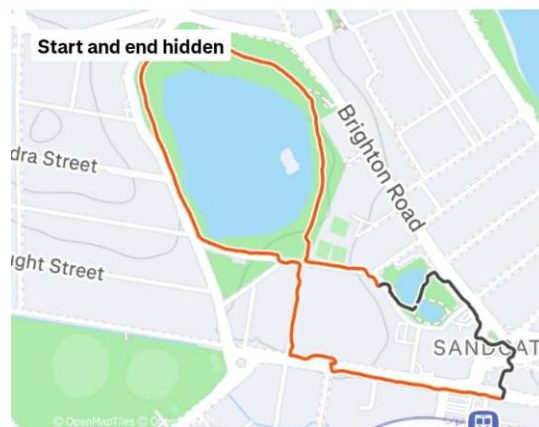

Bravo **Chunda, FIGJAM & Princess!** Little Squirt & Strong As Shit swanned up a few minutes later.

Instructions from the hare were runners go that way, walkers go the other way! The runners were sent along Brighton Rd with just a glimpse of the lagoon on their way to Deagon & Nash St. A little false trail up Wolsey before taking a trip to the racecourse (did anyone have a win?) & back to the dark pond that engulfs unwary torches without warning... - **The run was 5.18 Kms**

The Walk

Structure Fucker Hash Walk

Distance	Steps	Time
3.17 km	4,228	42m 31s

The walkers had a lovely wander from the park passing 2 bars with no drink stops (it's ok, it was early). Heading up Hoskins Street, till we found the path for a lap around the lagoon with a couple of regroupings. Then it was up an incline, around along Rainbow St, past Maccas, through the Dominos alleyway to make us all feel hungry, around some back streets & back to the eel & turtle filled lake.

- **The walk was 3.17 km.**

The Circle

Run Number: Flower was asked, Little Squirt knew & Pounda finally answered. The G.M. reckons he's sick of giving out easy drinks to people who don't know what the number is, so you heard it here first... the next run is Saturday 3:30pm at FIGJAMS & it's run number **2488** so no excuses for the ignorant peasants. All together now...2488!

Run Count: 25 hashers or so started on time with 2 more showing up later

Returnees: Princess, Sex Change & Streaky got a drink & a song but no one cared why they weren't there, so they were just told to fuck off back to the circle.

Birthdays: Heart Starter & Overproof (2 days later) were dobbed in by Pounda & Cheesecake & were given the traditional 'hope you spew' song for their troubles.

The Hare: Structure Fucker

Run Report: Strong As Shit – A few big inclines, though they were hills for Rabbi. Totally threw Chunda under the bus for not doing the false trail, then there was outrage as Structure Fucker admitted that he had given Chunda the heads-up not to take that trail. Accusations of insider trading & superior hashing skills', 'cheating' were thrown around so a score **3 out of 10**

Walk Report: Pounda – A nice gentle stroll around the lagoon, through some back streets & past Maccas, plenty of arrows, some hills but not too many, after checking what Strong As Shit scored, he decided to undercut her with a score of **2 out of 10**

Short Cutters: Tail - It was interesting & flat & when she looked at the incline, she just didn't want to walk up it... What a Pussy. **4.775 out of 10**

Security: Torque Wench had great company once Ground Sheet turned up, said there were a couple of blokes who wandered through for a chat about fish (or lack of) then they fucked off so it was cool! **3 out of 10**

Run Score: Total of 12.775 out of 40

The circle was opened to Charges and Awards as below.

Charges	Awards
FIGJAM – had a rant about someone not using his torch during the run...because it was dropped in the bottom of the lagoon. Poor Chunda!! It was slightly entertaining to watch the boys try to retrieve it with a pool net as we arrived at the run though.	Big Dick – Torque Wench had to hand the dick over, so off it goes to Chunda for losing his own... torch.
Heart Starter – Channel Marker thought she had a good excuse for walking slow, but she was whinging the whole way around about how her legs hurt & how tired she was... no one cares so she got a song about stop whinging & walk faster.	Two Dicks – CanIHaveAFeel ended up with the dicks from Overproof? No doubt for a fuck up or two in the trash. Cheers!
B1 phoned a friend (Little Squirt) to charge his girlfriend Torque Wench with yapping on the phone when she should have been running. Excuses like being a bit sick & calling her boyfriend were not deemed reasonable excuses.	Grub Shirt – Little Squirt got all hot & sweaty while wearing it on the run and rubbed it under his arms (vomit) before giving it to Torque Wench for not doing her job & taking photos of last weeks red dress/Pounda's Raunchy run. I think we'll drape it over the gardenia bush so that it smells like flowers next week...
Pounda had an enquiry for those who took themselves off to the city for the red dress run instead of coming to Pounda's (Soft cocks was the term used, I believe) Strong As Shit & Little Squirt get in the middle. Figgy even wore his best red dress!	The Bone – CanIHaveAFeel was definitely rapping someone with the Bone as there were only a couple of pics last week but didn't think it would be Torque Wench! Ah well, it almost wouldn't feel like home without a random dick, shirt, bone etc lying around to scare the husband.
Figgy returned to the fray talking about the camaraderie & stories that come out when people run together. But he seemed a bit puzzled by a conversation about clouds so	The Walking Stick – was a toss-up between Chunda & CanIHaveAFeel, Chunda won!

charged Little Squirt with smoking weird shit.	
CanIHaveAFeel charged Tail, Sex Change & Streaky with ignoring regroupings after they decided they didn't want to wait for the stragglers & DEFIED the R.A.'s instructions to wait. They all got the collective elbow & a great big Fuuuuuck You!	The Dummies – Chunda decided to keep the dummies for another week since he needs a pacifier to help him get over losing his brand-new torch

This week's Hash Mash: Beef & Veggie Stew with bread
