HASH TRASH

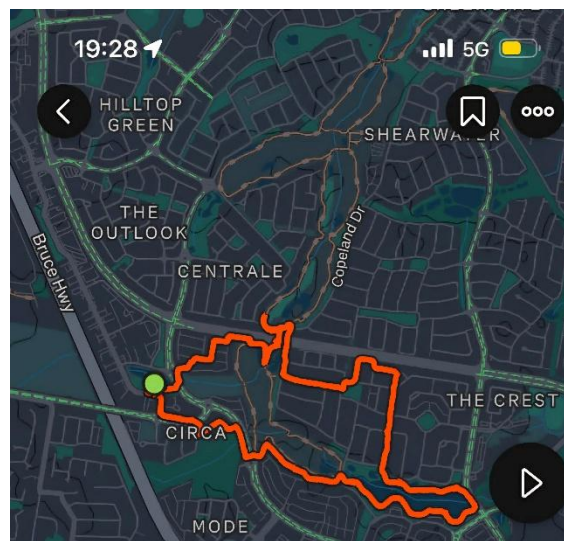

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

Run 2489

Hare's – Heart Starter, Overproof & Sherbet

The Run

A familiar run, along the tracks of the defunct golf course, up a false trail at the park, then under the troll bridge. Winding through the grinch side of North Lakes who have stuff all Christmas lights to light the way (especially when you have lost your torch), before several regroupings that certain runners *said* they didn't see (see charges). Then over to the festive side of North Lakes with ALLLLLLLL the Christmas lights & a scenic run around the lake back to the park.

The run was 5.5 Kms

The Walk

Heart Starter, Overproof and Sherbet's Hash Walk

Distance	Steps	Time
5.33 km	6,716	1h 1m

A picture says a thousand words...

Starting at the park opposite Revolutions where I used to take the kids skating when they were little, the trail was similar to the runners except for the false trails that were designed to slow them down. Definitely invigorating (see walk report) & scenic, next time we'll keep a running count of Ned's toads that he callously leaves on the path. Only 4 of us turned up at the regroup & made our way back but it was a very funny group to hang out with & we found a bollard so Pounda could have one last cuddle before he disappears south of the border.

- **The walk was 5.33 km.**

The Circle

Run Number: Ground Sheet was given a clue but didn't quite get it, so get in the circle...

Run Count: Ned got a rev up, Cheesy, Corn Cob, Ground Sheet & Little Squirt were left off the list but got corralled in at the end. So maybe 18 hashers turned up?

Returns: Ned rocked up for a drink but didn't do his job on the trail as there were cane toads left for the walkers to chase.

Birthdays: None this week

The Hare's: Sherbet, Overproof & Heart Starter made a cute throuple to provide a trail & hash mash, they were called to the middle to face the music.

Run Report: Ned – well marked, very professional with arrows under trees to save them from the rain. **Run score was: 8/10** Whaaaaaat? How long have you been hashing for Ned??

Walk Report: Feels popped her North Lakes cherry so was asked for the walk report. Invigorating & very enjoyable (from the peanut gallery – 'that's why you've got that big grin on your face'). Well, I didn't hear it then but now I've heard it on the recording... cheeky fucker. Great company & conversation, & we had a bollard!! There was indeed a warning sign, but Pounda had to give it a cuddle anyway – see pic... **Walk score was: 0/10!**

Short Cutters: Smooth Ride – got a bit lost, even the apple iPhone couldn't find the trail. They ended up finding the arrows eventually **Short cutters score was: 5/10**

Security: Ground Sheet, lovely & very nice **Security score 3/10**

Run Score: 16/40

The circle was opened to Charges and Awards as below.

Charges	Awards
Corn Cob charged Feels because she lost her torch. Fair call.	Big Dick – the big prick from a big prick (Pounda) to Flower for deleting stuff & taking an hour out of his life that he can't get back... isn't that what hash is about?
Chunda charged Ned with only taking 800 metres to take his shirt off & missing all the toads. Torque Wench followed up & ended up chasing one of the toad failures into a bush, which then spat out 10 fresh ones to scare the shit out of her!	Two Dicks – Feels to Sherbert for flying under the radar & not being offensive at all!
FIGJAM charged Smooth Ride & Little Squirt for having their phones out in the circle - flouting the new law regarding minors having social media. Smooth Ride challenged the charge, but it was suggested she take the compliment that she still looks 16.	Grub Shirt – Cheesecake to Overproof , with everyone else being busted for being on their phones, just answer your fucking phone!
Pounda charged Chunda for systematic abuse of the torch. Last week drowned it in the pond, this week smashed it on the ground. Was questioned if it was just too small to hold on to...	The Bone – Torque Wench lost the bone at the Christmas party so get in the middle & answer for your crimes
Figgy charged 2 people who have 1694 runs between them & they ran straight over the regroup... Chunda & Ned . Other walkers should join them as they missed the trail & had to do some tramping through the bush to find their way back. Corn Cob & Flower...	The Walking Stick – Corn Cob to Feels for losing her torch, wait, didn't we already cover this?
Ned charged Rabbi the blind bastard with who knows what because I don't.	The Dummies – Torque Wench to Little Squirt for the smart arse quips.
Figgy charged Little Squirt with smartarse comments 'I could walk across that river if it wasn't deep'
