HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

Run 2491

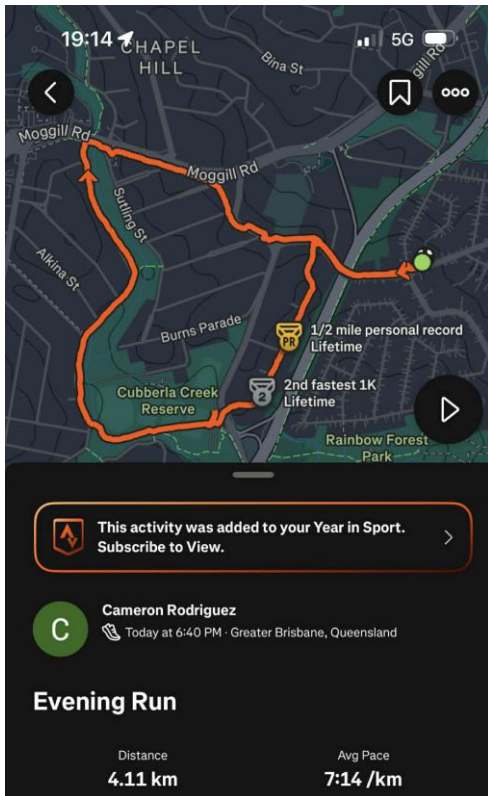

Hare – Tail

Christmas is done & by the time this gets to you, it will be Happy New Year! Hope you all had some presents under the tree & spent time with loved ones. For the busy Hashers, hope you got a break & some rest; for the retired or lazy arses, hope you were kept busy! Either way, it's time to Hash & read all about it.

With a new year comes resolutions! May yours be achievable or may you at least have fun failing spectacularly!

For those who are unaware, Singapore Sling had a stroke at Christmas & is currently in Shoalhaven hospital. Stuck in buttfuck nowhere, medics have suggested Berry for rehab. The horror! Tail reckons they should fly home while she fetches their camper & road trips it. Offers of support & assistance appreciated. Send supportive, politically incorrect & cheerful emails to sgillespie90@hotmail.com

On on, CanIHaveAFeel

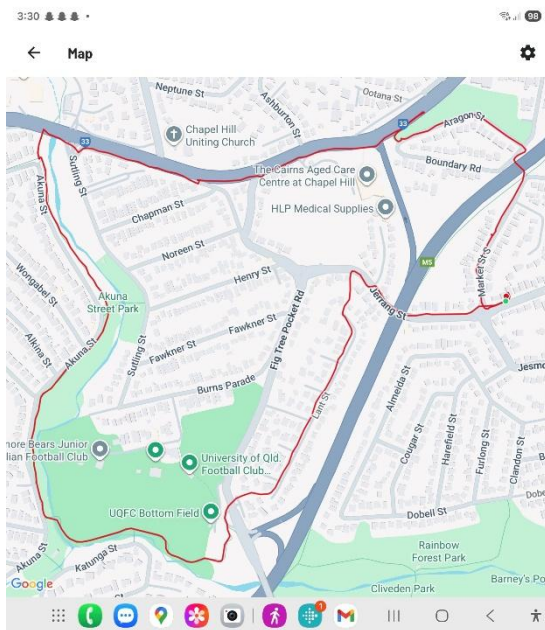

The Run

This run was almost more about the personalities than the trail! With Strong As Shit (R.A.) being ditched by the G.M. & having to find her own way to hash, Little Squirt running late since he forgot to get the ice earlier in the day, B1 standing on arrows & shit stirring, Torque Wench no doubt yapping away & making up bullshit charges as she went & Princess being accosted by a yapper of a dog who tried to bite him!

However, if the maps that I was provided with are correct, I encourage a map comparison & hypothesize (not accusing, hypothesizing) that the runners may have actually taken the short cut up Fig Tree Pocket Rd?

The run was 4.11 Kms

The Walk

This walk had everything! A stroll over a freeway, a secret squirrel down a path, ivy covered walls, a sprint across a blind corner to avoid being squished by cars & a lovely stroll along the brook with friendly people passing by.

We found a bollard, but no Pounda in sight!!!

Then up some stairs, up a hill, definitely 'not' an incline, a hill. Keep going up... levelled out alongside Moggill Rd then a nice slide down to catch our breath. There was an arrow missing so did a backtrack & found a sneaky arrow behind a light post on Aragon St. Continued on & found the well-lit & colourful underpass, then huffed & puffed our way up the last steep hill to find the wine at the end.

- The walk was 4.49 km

The Circle

Run Number: Road Kill fucked up with noooo idea, Little Squirt cheerfully said 2499 - ditto! Cheers for Flower getting it correct!!

Run Count: 18 hashers girded their loins & put on their hiking boots for the hills of Indooroopilly. Some significant & almost significant numbers coming up... Squirt 90! Sherbert 380! Strong As Shit getting close to the ton on 98, Torque Wench getting close to 50 on 49...

Returns: none - boooooo

Birthdays: no-one admitted to any this week, Jesus wasn't here but got a hash song anyway

The Hare: Tail

Run Report: Torque Wench about 4.5 ish kays. Very interesting with downs, ups, paths & parks, a dog that tried to have a nip, stairs. She quite enjoyed it!

Run score was: 2/10

Walk Report: CanIHaveAFeel Enjoyed it, hills, bollards though there was no one to trip over them this time, lots of parks, well-marked except for the segue to the bike path (there was no arrow) & there were bubbles at the end!

Walk score was: 2/10

Short Cutters: Heart starter - Letter box walk – The best kind of walk, very short, no hills, saw some letter boxes.

Short Cutters score was: 2/10

Security: Flower no one came to visit **Security score 9/10** 😞

Run Score: 15/40

The circle was opened to Charges and Awards as below.

Charges	Awards
<p>B1, Ned was not here to take the wrong checks & make B1 look good by letting him take the right ones, so tonight there is a copycat who is wearing the same shirt & who managed to get every check right! Imitating little prick, oh wait he's taller than B1 so can't be called that...Princess - get in the middle.</p>	<p>Big Dick – Torque Wench to Princess since B1 called him a little/big prick (see first charge) WHYYYY? The mission tonight was to get any & all awards (& we had 4 of 6) out of the house & stop scaring your father... She's on a cruise so no dick next hash</p>
<p>Torque Wench charged B1 for using gym equipment on the run & being a Mr Miyagi with wax on, wax off movements. Seems there was some man spread, some short loose shorts & the 'do your balls hang low' song was sung.</p>	<p>Two Dicks – Sherbert to B1 for the fashion crime of the century by wearing not one, but 2 pairs of blindingly bright & indecently placed shorts that hurt her eyes. He's on a cruise so no dicks next hash</p>
<p>It's a bit quiet without FIGJAM in residence but B1 has been making up for it. Apparently, he's also up to his old tricks of standing on the arrows & waiting for comments. Tried to charge Little Squirt but the R.A (SAS) reversed charge as he was covering the arrows.</p>	<p>Grub Shirt – Overproof forgot to bring it... I thought Cheesy had it but apparently Overproof did & he was kind enough to dob himself in this week so this section of the trash may actually reflect the facts for once... but where would be the fun in that!</p>
<p>Ground Sheet charged Little Squirt since Corn cob wanted to cum early, Ground Sheet said that she likes to cum early, but Squirt forgot to get the ice. So, they were all late 😞</p>	<p>The Bone – Torque Wench awarded it to Little Squirt for being late, the bone is to kick him up the arse to be on time, next time.</p>
<p>Structure Fucker took his own charge... he forgot to pick up the R.A! Whoopsi! She had to get to Hash under her own steam/petrol.</p>	<p>The Walking Stick – Feels had a second go at giving it away & this time it stuck to Smooth Ride to help her up the hills.</p>
	<p>The Dummies – Torque Wench decided to keep them, god knows why when she's out on a boat for the next couple of runs, again...WHYYYYYY? No dummies next hash...</p>
