HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

Hare – Tight Arse

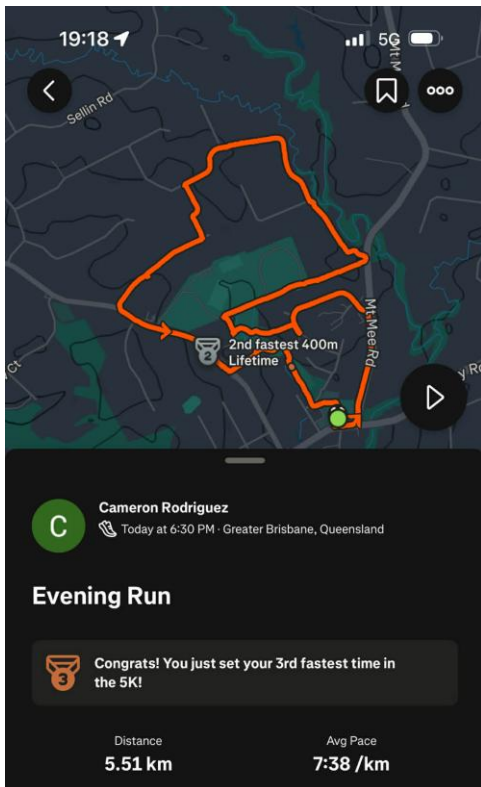

I thought the arse/Tail end of the year was complete, but with Tight Arse haring the first hash of 2026 it seems the focus is still on bullshit.

17 hashers converged on Roderick A Cruice Park in Dayboro. Once called Terror's Creek, bucolic Dayboro is a deceptively sleepy village almost 50 km from Brisbane that hosts multiple murders *gasp*. Wallowing in blood & feeding on the unwary, these may form a health risk to visitors whilst attempting to negotiate the twisting, windy roads that facilitate a high number of roadkill for the crows to feed on.

In a stunning coincidence (or is it?), it also has an overabundance of bollards but a curious lack of cane toads. For the conspiracy nuts, there is ample opportunity here to ponder the absence of Pounda & Ned... We all know the 'official' versions why they weren't here, but do we really believe them?

Finally, no-one called out the runners for short cutting last week! So slack, did anyone even read last weeks trash?! Also, no-one noticed some potential profiteering from the pre-Christmas hash either... I'll keep that one up my sleeve for a future event 😊

On on, Feels (CanIHaveAFeel)

The Run

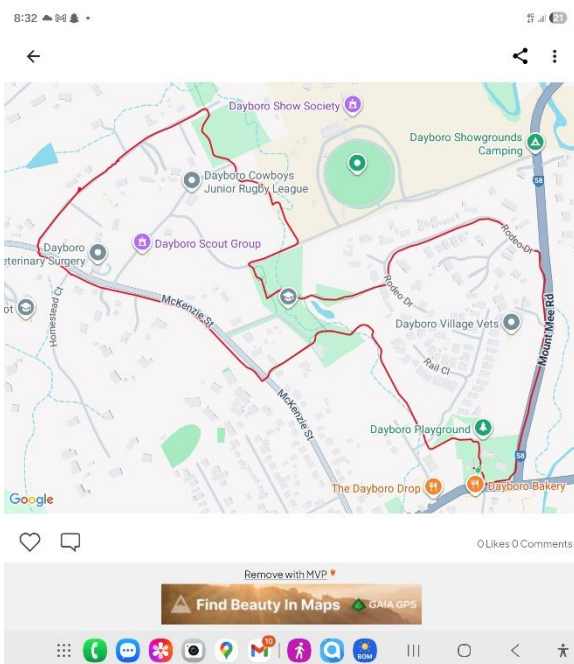

We had 5 runners this week, Chunda, FIGJAM, Little Squirt, Princess & Strong As Shit.

The runners were champions this week as Tight Arse said, 'Go that way', *waving generally at the road* & they went looking for the trail while the walkers sauntered along having a chat. This time it was Strong As Shit who always chose the correct direction & led the pack.

A long loop up Mount Mee Rd, then taking a ride on Rodeo Dr to some country paths through parkland. A play on the fitness equipment before a tour of the local showgrounds. Ending up on Diane Dr before hitting the hill & down the paths again, back to the floodlit tennis courts & home base for shenanigans.

No cane toads reported... no Ned either... curious...

The run was 5.51 Kms

The Walk

After gathering in the Roderick A Cruice park & hanging on to the runner's coat tails, the walkers had a lovely stroll, taking in the local graffiti on the train carriages parked in a field, noting the vet's dog wash facilities in case anyone needed to be dunked later & generally enjoying a pretty sunset.

Following a similar trail along Rodeo Dr & through the park where there were so many bollards. No wonder Pounda moved to Melbourne, he just never wanted to see Dayboro again!

Going through the showgrounds rather than around them like the runners, then turning left to take on 'the hill'. After varying amounts of enthusiasm, & a regroup at the top, it was all downhill & smooth back through the parks (more bollards) to homebase.

- The walk was 3.8 km (with a whop arse hill)

The Circle

We begin this circle with a debate about the weather. The RA (welcome back Cheesecake! & thanks for standing in, Strong As Shit!) kept the rain away while we were on the trail, but all bets were off once we got back. With lightning flashes in the background, everyone was told to shut up so we could get on with it. *Buuurp* 'Fucking Pigface'.

Run Number: Channel Marker was asked for the run number, just as she was saying that she hoped she wouldn't be asked since she had no idea. Obviously not said quietly enough... get in the middle & where the fuck was your drink? Squirt got it right, but the peanut gallery reckoned he was wrong. Flower drew her record sheet with a flourish & stood up to defend him, he was right!!! In the ensuing melee a call for the GM to be put in the middle was tabled but shot down.

Run Count: 17 hashers this time & a general reminder that if you stand next to Bitta Relief, she will talk to you. Strong As Shit is on 99!!!

Returnees: nope

Birthdays: none that anyone admits to!

The Hare: Tight Arse

Run Report: Princess, lots of great hills/gentle slopes are debatable, nearly stepped in some shit but had a good run.

Run score was: 2/10

Walk Report: CanIHaveAFeel Didn't have much to say as she was caught by surprise, however on reflection, it was an enjoyable walk through some new territory (for her) & she was pleasantly surprised to have made it up that last damn hill without having to stop, since last time she did it, it was pride alone that kept her upright. Random suggestions were 27 out of 10, 9 out of 10 but a score of 3 was the choice.

Walk score was: 3/10

Short Cutters: Tight Arse was dobbed in, but he was the Hare, so it doesn't count

Short Cutters score was: - n/a

Security: Channel Marker - good company, got to hang out with Cheeky Monkey, Ground Sheet & Corn Cob

Security score 1/10

Run Score: 6/30

The circle was opened to Charges and Awards as below.

Charges	Awards
Corn Cob attempted to charge Little Squirt with shitty directions as they ended up at Tight Arse's house, but no one was there. The charge was vigorously defended as the address (opposite the Dayboro bakery) was on the website. Corn cob in the middle to take the reversed charge...	Big Dick – Princess feels he's been a dick to Little Squirt on the run so here's a real one for you Reference 'The Bone'
FIGJAM suggested that Bitta Relief figured out that the person with the dummies (Torque Wench) was away, so she took the opportunity to have a whinge about everything. Charge proven, drinkie time!	Two Dicks – B1 still on a cruise with Torque Wench, no double dicks tonight for anyone.
Figgy then proved that he actually read the trash (thank you!) by charging the director of photography Ground Sheet with shitty directing as there was a pic with people of descending size in 'proper order' then 2 big people sticking out at the wrong end. When challenged that it was Squirts job, it was pointed out that Squirt was in the picture...	The Bone – Little Squirt out of the goodness of his heart, gave someone some chalk, who said they wouldn't need it... of course they did & marked off some of the trail too! Princess , you bonehead!
	Grub Shirt – Overproof still has this, next time!
	The Walking Stick – Smooth Ride is absent, so there was no assistance for the hill tonight.
	The Dummies – Torque Wench still on her cruise with B1, dummies would have come in handy this week for Bitta Relief according to Figgy.

This week's Hash Mash: Ham off the bone & various salads with bread rolls
