HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

Run 2493

Hare – B1

With Singapore Sling & E.T. still stuck at the arse end of the world while recovering at (Shoalhaven? Berry? Buttfuck nowhere?) B1 stepped up (was volunteered) straight after stepping off a cruise around the south pacific to host this weeks hash. What does he get for saving the hash? Everyone gawking at his peeling, deeply sunburnt legs.

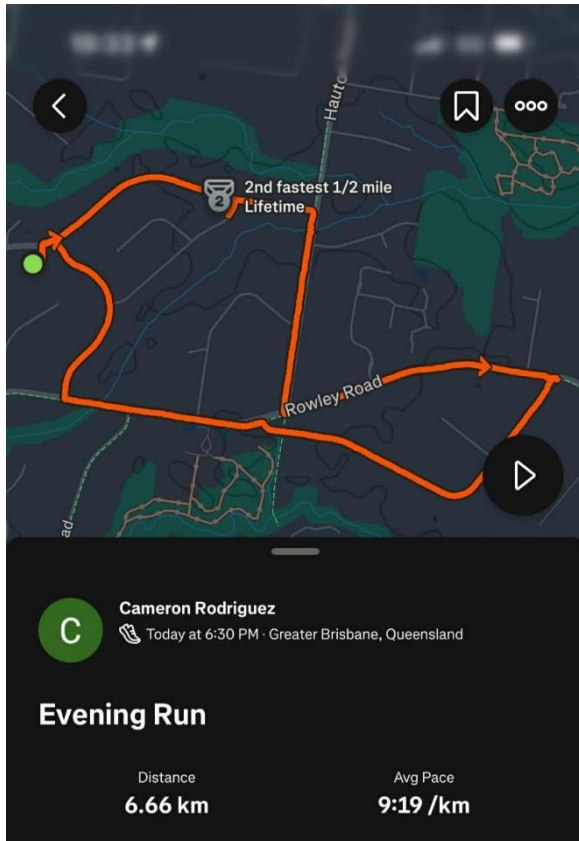

Since B1 was out re-marking the trails in the rain (3 times, he tells us) the pre-run social catchup turned into general hilarity with the introduction of cards against humanity (a party game for horrible people) to hash (drinking club with a running problem).

Considering how our members are completely politically incorrect, full of beer & fucked up humour, take the absolute piss out of each other & are some of the biggest bullshitters I know, I thought it might be a good match... & it was!

Speaking of rain, the R.A. took a leave of absence & put the Grasshopper on duty (wouldn't be because chasing the rain away was an absolute fail, hmmm, Cheesecake?)

Annnnd a search party had to be sent out for a certain pair who shall not be named here but will definitely be named in charges! Apparently they'd made up their own trail & were found walking up the wrong driveway... I also hear that because there were so many charges, there wasn't time for charging the search party for going to find them before the esky was empty...

Anyway, enjoy! On on, Feels (CanIHaveAFeel)

The Run

We had 7 runners this week, B1 (hare), Chunda, FIGJAM, Little Squirt, Princess, Strong As Shit & Torque Wench.

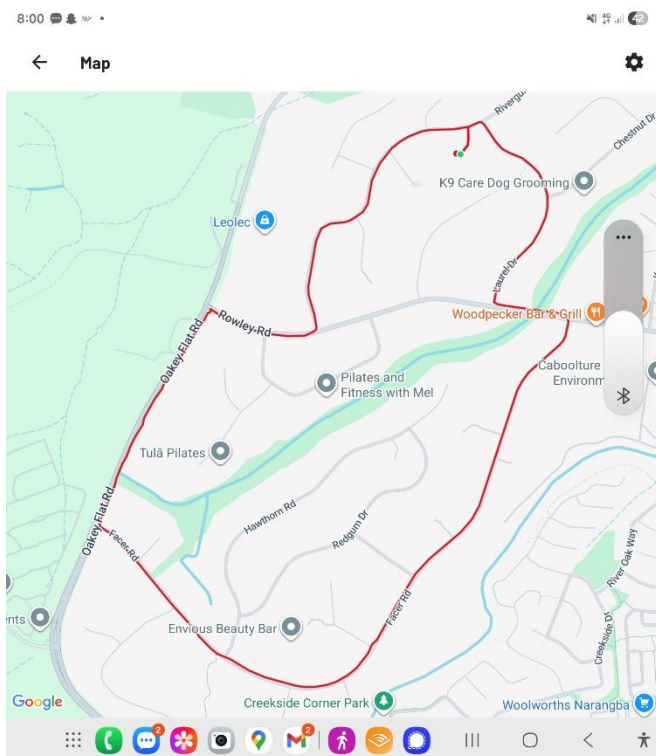

Taking off to the right & leaving the walkers to their own devious devices, the runners set all the dogs barking down Rivergum Drive before turning right onto Hauton Rd. They thought they were on their way to the pub!

However B1 sent them left onto Rowley for a loop around Matthew Cres, where apparently a random in a 4wd fell in love with Chunda & did a few extra drive-bys to catch his attention...

Back up onto Rowley, where they were sent all the way up & around Rivergum & back home to where the beers were cold & the shenanigans waiting.

Toad count: zero (& no Ned... the conspiracy deepens...)

The run was 6.66 Kms

The Walk

While the runners were sent to the right, the walkers were pushed off to the left. Following Rivergum up to Rowley, right up to Oakey Flat Rd & hang a left. I think this is where the shortcutters turned back but couldn't swear to it as Dog, Cheesy & Feels kept going.

Hooking the next left took the walkers on a long loop (thankfully mostly downhill) all the way down to the arse end of Rowley, just shy of the pub so no drinks stop for the walkers either! Back along the street that pops out right next to Figgy's driveway & home!

- The walk was 6.1 km

The Circle

The **G.M.** called 'circle up'. Of course, everyone started yapping till he asked for the run number, which shut most people up.

Run Number: Flower was asked straight off the bat for the run number (2493) since Struckers couldn't be arsed with wankers who get it wrong every week.

Run Count: There were approx. 24 hashers to be baked in a pie with some notable run figures popping up with Torque Wench hitting 50 runs & Strong As Shit celebrating her 100th run with BNH3!

Returns: No one gave a shit, so no one asked

Birthdays: Same, same...

The Hare: B1 got volunteered to set the run since Singapore Sling & E.T. are still laying around the place having a great old bludge (we are thinking of you both, in various creepy ways)

Run Report: Chunda reckons it was a run with some new territory, well-marked although it 'drizzled', he didn't want to call it rain because he was sucking up to the R.A 😊 but everyone else did. A new chalk mark on the ground with 'HH' apparently = hash halt, some of the arrows were half arrows as the hare obviously ran out of chalk. Well done! Ten...long pause...fingers for turning up. 'Nice Save!' from the peanut gallery. And no toads (no Ned)! Congrats to B1 did a fucking great job, 0 out of ten!

Run score was: 0/10

Walk Report: Flower The walk was 6.12 km. Only someone who's as happy as a dog with 2 dicks would set a trail like that.

Walk score was: 5/10

Short Cutters: Smooth Ride - after hearing how long the walk was, she thought short cutting was an excellent idea.

Short Cutters score was: - 0/10

Pub Crawl Report: Ground Sheet – cold drinks, they didn't get wet, had a random walk into the beer garden, she gave it a one & a half rums for a score of **2/10** & a joyful song was sung.

Security: who the fuck did security?

Security score ----

Run Score: 7/40

The circle was opened to Charges and Awards as below. There were a looooooot of charges this week...

| Charges | Awards |
|--|--|
| B1 takes a defensive stance & explains in detail how he reset the run 3 times, but the rain washed it out & who's fault was that? Stares at R.A. (Strong As)... Cheesecake shoots it down & everyone moves along to... | Big Dick – Little Squirt to Princess for screwing up B1 & B minus' names, & for being a whinger/princess. Feels can be heard wailing 'nooooooo' in the background. It began it's renewed lease in the pantry, scaring the patriarchy, who, after querying which member of his household managed to get some dick, delivered it to the appropriate doorway to be tripped over in the morning. |
| Tail – wasn't entirely sure who she was charging as she was listening to hearsay from Flower – who said, 'that looks like a hasher on a bike with chalk... who's that fat fuck?' B1 reckons he set the whole run himself... no mention of the walk though. Figgy copped the song & got the drinkie | Two Dicks – B1 to Squirt – not for the actual dislocation, but for making obscene noises while putting his dislocated hips back together on the run. |
| G.M charged Smooth Ride with infringing the G.M's prerogative to start the hash when he is good & ready | The Bone – Princess to Little Squirt because he doesn't have enough calcium to hold his hips together |

| | |
|---|---|
| <p>Figgy charged Squirt with ignorance of Hash Lore & dragged him into the middle for an education & a drink. Dog took advantage of Squirt's position to comment on his lack of energy efficiency (but Dog has an unfair advantage with a guide who really just wants her treats)</p> | <p>Grub Shirt – Overproof still has this, 3? 4? weeks now? Hmmm?</p> |
| <p>G.M charges Dog with leaving the walkers in the dust when he was supposed to show them where to go. Well, he did, but no-one could keep up!</p> | <p>The Walking Stick – Smooth Ride was there, but the walking stick was not 😞 Sad face...</p> |
| <p>Chunda drags Tight Arse & Ten Fingers into the middle. Ten Fingers instantly throws T.A under the bus & reckons he was led astray. Hahahahaha! Chunda's formal charge was for Tight Arse - not having his phone so Chunda could call & find the silly fuckers. After he went searching for them, he eventually found them going into the wrong fucking driveway.</p> | <p>The Dummies – Torque Wench was going to give them to Figgy for horsing around, but they went to Tail for going to dob herself in for a charge (which charge is still a mystery), after Torque Wench howled down the unruly peanut gallery so Tail's voice could be heard (no mean feat, that).</p> |
