## HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

### Run 2498

#### Hare – Corn Cob

A trail so well marked that even Ten Fingers couldn't get lost... except he did... & was found having a chat to a random lady at some ungodly hour of the evening when he should have been drinking beer with his Hashmates!

In this episode of The Adventures of Ten Fingers, we continue the previous story line, of a leisurely wander through the streets with a vague eye out for Hash markings, a random chat with whomever happened to be nearby (Hasher or not), a wrong turn & a slightly bewildered air when Chunda was dumb enough to find him & shepherd him home, taking one for the team.

Suggestions to curb his wandering ways have included tracking devices, giving him a map, hiring a carer to keep him on track or just take your flipping phone with you & answer it when someone rings! Personally I like the idea of a robot dog with the trail embedded that just barks at him as soon as he steps in the wrong direction.

Anyway, enough from me, the big 2500 is not far away!

On on, Feels (CanIHaveAFeel)

The run was 5.07 Km

## The Run

There were 5 runners this week & there were more runners than walkers!

**Chunda, FIGJAM, Jake The Peg, Little Squirt & Strong As Shit** had a gnaw on Corn Cob's trail mix & they liked it! Overall reports reckon it's the best trail he's ever set (but don't tell him that, he'll get a fat head). There was some familiar ground & some new areas to keep it interesting, very well marked & some big loops & long false trails so all the runners managed to stay mostly together.

Starting in the park for a tree lined trail run from John Davidson Park, popping out near Calala Drive & crossing Windrest St on their way to Alf Shaw park (Alfie, who the fuck is Alfie?) they took a long convoluted route though the back end of suburbia to eventually find themselves at a frisbee air-golf experience then back to home.

## The Walk

Similar to the run but without needing to clarify 'who the fuck is Alfie'. The walkers map looks like the hare pointed to a random spot & decided that every 2 streets would be in a different direction (though very well marked..). again, ending up in the park & after a game of frisbee golf, all were eventually rejoined at the park for dinner, see charges for where we ended up!

- The walk was 4.21 km

## The Circle

The G.M. opened the circle with Chunda recording since Feels was off getting smashed in the city & Figgy was distracted & havin' a chat. Flower gave the run number (give her a drink!) & the run count. Notable numbers for Cheesecake on 969, Figgy on 432 \*burp\* 'pig fucking face', Ground Sheet on 99!! 566 for Ten Fingers & some smartarse yelled 'his actual age' I mean, just because he loses the trail now & then & has to be rounded up by the hash-dog...

**Run Number:** 2498 – the countdown is on to 2500! Just 2 to go!

**Run Count:** 13 hashers had a nibble but Strong As Shit doesn't want to hear about the Hare's sex life. 0000

**The Hare:** Corn Cob

**Run Report:** Chunda described it as 'Pretty fucking good, even the last half that he did twice' while rounding up Ten Fingers, he's giving it 2/10

**Run score was:** 2/10

**Walk Report:** Tail's contribution was 'Excellent! 1/10'. 'Splendid' chimes in Flower.

**Walk score was:** 1/10

**Short Cutters:** Roadkill admired the scenic view of half-eaten goannas & babies in their pram while taking a shortcut, were the babies half eaten too? The mind boggles.

**Short Cutters Score: 2/10****Security:** Channel Marker had good company, good times, even if she didn't have a hash shirt...**Security score: 1/10****Total Run Score: 6/40**

No-one admitted to having a birthday this week
