HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

Run 2506

Hare – Torque Wench

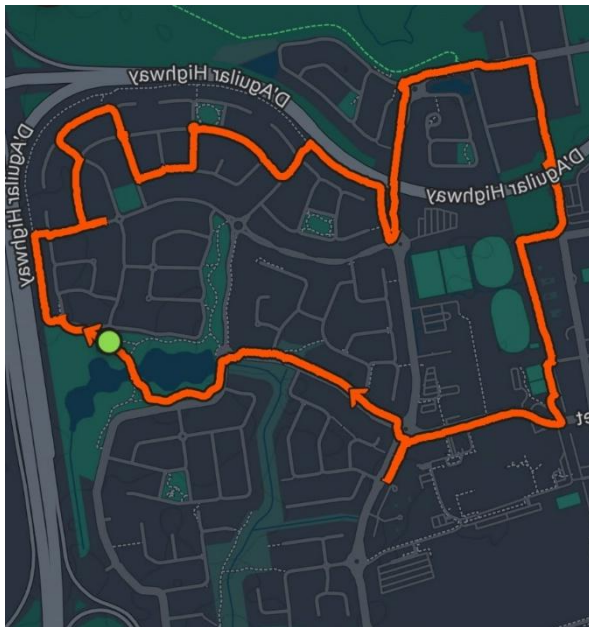

A short & sweet Trash as I was still away & relying on dodgy hashers to tell me exaggerations, fake exonerations, foulmouthed slander & flat out fibs... but what else is new?

The trail was set on the Sunday but since the weather deities decided to wash out the arrows, Torque Wench morphed into a live hare, filling in missing arrows (or more likely, making it up as she went along!) Taking full advantage of the youthful energy of the assembled hashers, she enslaved Princess & Little Squirt into handling the sausages for dinner, while she became a shuttle bus to the bathroom since the park loos were unfortunately locked.

Coppers were very loosely in attendance to ensure the hashers safety from local hooligans (pfft, it was to make sure the hashers weren't going to be a threat to the local hooligans)...

Onwards & upwards!

On, on, Feels

The Run

There were 9 runners who held on to their bladders/dicks as they trundled around the trail:

Atlas, Chunda, FIGJAM, Little Squirt, Ned, Seth, Strong As, Tinkerbell & the hare - Torque Wench

Starting at the park, **Torque Wench** decided to try & thin the ranks by taking everyone along the highway to play chicken. Fortunately Hashers are a little dumber than your average runner, so they went over the bridge instead & when she had another go, they ducked through the underpass & regrouped at the TAFE. A bit of bush & a few streets later, & despite a detour past the hospital (again, trying to thin the ranks by exposure to disease) everyone survived their trip to Cabo.

Sounds like Flower It was splendid really, score of 1.5

The run was 6.18 km

The Walk – followed the run, the walkers just let the runners mark off any sneaky checks etc.

The walk was 5.3 km

The Circle

Run Number: 2506 -

Run Count: Nothing too outrageous in this department

Visitor: **Tinkerbell** came to visit since he got tired of getting hashed by Gay Hash

The Hare: **Torque Wench**

Toad count: **Ned** was in residence as a *Rhinella Marina* attempted to follow **Torque Wench** home afterwards & was forcibly ejected with some vehemence. (ie: a boot up the arse sent it flying across the street)

Returnees: **Princess** *who should have his mouth washed out with soap. I shall attend to this at a convenient time*

Small Walkers: **Channel Marker** splendid, very nice company was lovely, **1/10**

Security: **Singapore Sling** claimed he wasn't mugged in Caboolture & nothing stolen... what a waste!

Total Run Score: *ehhhh I could be wrong, but it looks like a 3.5/40*

The circle was opened to level Charges at Sinners *that's me!* & present Awards for misdemeanors *probably also me* 😊 😊 😊

Charges	Awards
Figgy claimed first charge: Years ago.... An unidentified female went to a run & stole his chair but didn't like it because it was too heavy...	Big Dick – Seth to Torque Wench for going past the Caboolture 'art gallery' at the end of the bridge with lots of penises...
Tinkerbell then charged Singapore with faking all the episodes so he got out of the housework...	Two Dicks – Atlas awarded the 2 dicks to Atlas for racing & assorted garbled misdemeanors
Corn Cob was charged by Ground Sheet as this week's marriage therapy session, on Sat night changeover, he packed the car but forgot the wine! Feels is glad she was away	Grub Shirt – Little Squirt to Atlas because her name isn't on the shirt yet & it's really gross & sweaty

for this one, blood may have been spilled...	
Flower charged Strong As Shit ungrateful & forgetful as the dog had to deliver her lost property back to her... I am unsure who the sunnies belonged to...	The Bone – Torque Wench identified that the rain gods washed out the run, but since it didn't rain ON the run, she avoided trying to award the bone to the R.A. *phew*. So, awarded it to Seth (since she has read & remembered the commandments), for being a front running bastard...
Seth copped a charge from Tinkerbell ... Seth is either a really good Queenslander, or has French origins, as there were a lot of cane toads & he kicked one fair up the arse. So he either wanted to kill it (QLD) or eat it (French)... just don't lick it is the general consensus...	The Walking Stick – Corn Cob keeping it for another week...
Figgy referenced commandment no one (oops, *no.1*) then the 2 nd commandment (see commandment no.1) Torque Wench was busted for not listening even though she was attempting to save some hashers dignity with a loo run. *& was gallantly defended by Struckers , thank you*	The Dummies – Where is Bitta Relief?
Following, after talking about racing the clock... Atlas & Little Squirt got busted racing & got sent to the middle to be reprimanded	Last Ditch charge... Atlas : cannot hear a thing you fuckers! Shut up! Then a diatribe against Caboolture... careful, I was going to be nice with my run...but now.....

This week's Hash Mash: left over salads from AGPU, snags & no-one was poisoned – WIN!
