HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

Run 2515 - Caboolture

Hare – Google Maps

Welcome, oh wait!! Where the fuck is everyone?? Central Lakes? Centenary Lakes?

Due to admin being locked up in hospital (but, really, what kind of excuse is that?), some hashers turned up here & some turned up there…

After some last minute phone calls, those that were there, arrived here, & we started 30 or so minutes late & since this trash is about 3 weeks late, let's get on with it!

Graveyards, ghouls & interfering with corpses were definite themes alongside the usual vulgarity & bullshit with Tinkerbell justifying his visit to Caboolture with 'but Strong As Shit said it was a vagina hair!' 'I said a VIRGIN HARE!' It only goes down, down, down from there…

On, on, Feels (CanIHaveAFeel)

The Run

There were the usual runners **FIGJAM, Google Maps, Princess, Torque Wench,** plus newbie **Mikey,** & visitor **Tinkerbell** who joined the riff raff associated with Caboolture & took on the Centenary Lakes challenge. Weaving around the bike track, up to the main road of King St & hooking a left to go ghost hunting at the cemetery, they sent the ghoulies packing by flashing their hairy legs.

There were a few false trails before stripping down to nature or running down the nature strip depending on your preference, followed by lots of twists & turns & sightseeing at the local academy of graffiti artists (the local school) then pretty much a straight run back to 'here'.

The run was 5.8 km

The Walk

The walk was carefully calibrated to prevent any 'mishaps' that might eventuate in Singapore Sling being left in the drink by E.T. so there was just one bridge to cross amongst a multitude of possible 'drinking' options. After a bit of a false start, the walkers traipsed along the road through Centenary Lakes before being sent up the river.

Rocking along just a little too late to have a game of netball, Google Maps looped up Riverview St (what an original street name!) then kept the walkers on the straight & narrow road before hitting the slippery slope down to the bridge, following the road back to 'here'.

The walk was 2.29 km

The Circle

As teased above, the circle started strongly with Tinkerbell justifying his visit to Caboolture with 'but Strong As said it was a vagina hair!' 'I said a VIRGIN HARE!'

The **G.M., FIGJAM**, rounded up the 20 hashers who eventually ended up 'here'.

Run Number: Tinkerbell guesses1285, G.M. tells him to get in the fucking center. Tinkerbell accuses Google Maps of setting the trail with dead parrots to distract from his ignorance of the run number… **Channel Marker** was the last one talking so gets called up but she actually knows this one! 2515 yes! The crowd goes wild!

Run Count: 20 or so hashers turned up for Cabo chaos & had to have a chuckle when Flower fucked up Figgy's run count but quickly corrected.

Hare: Google Maps reckons she went ok, not great though because it had to be remarked.

Toad Count: No toads that I could see & Toad was at work. Is Ned still overseas? Is he still alive? Is that why the toad numbers seem to have diminished?

Returnees: Chunda tried to dob himself in but got back out quick smart

Visitors: Tinkerbell -went to London?, **Chilli Willy, Robinson Crusoe** couldn't be arsed

Run report: Chunda - pretty good job, he's been away but definitely wanted to be here for Google Maps' first run.

Run Score: Gives it **2/10**

Walk Report: *Buuuuuurrpp* 'Pig fucking face!**'** **Robinson Crusoe** thought it was an excellent walk, though the arrows probably could have been closer together.

Walk Score: 6/10?

Short Walk Report: Cheeky Monkey – was so good, I love it & had a good time.

Short Walk Score: 1 /10

Total Score: 9/30

No security report since they just sit here & don't go out on the trail that the hare has taken the time to set… **Feels** feels unjustly accused as she stayed back tonight to write the last trash, ah well, no

wonder this one has taken so long, must be time for another drink then!

The circle was opened to level Charges at Sinners & present Awards for misdemeanors

Sinners & Charges	Awards
R.A.'s Sinner: Pounda was in hospital (in Melbourne) & didn't change the address on the website so half of hash went to Central Lake instead of Centenary Lake. So **Chunda** was deputed to take the charge & when one **Chounda** drinks, all Choundas drink!	**Big Dick – Google Maps** gives the big D to **Little Squirt** for re-marking her run but putting the arrows too far apart. It's because his legs are so fucking long! & hairy
Torque Wench charged **Chilli Willy** with being a presumptuous attention seeker & entering the circle before he had been called. She wasn't going to charge him but hey, when opportunity knocks!	**Two Dicks – Strong As Shit** gives her 2 dicks worth to **Little Squirt** as he is Trailmaster. Squirt tried to point out that he doesn't have access to the website & Pounda was in hospital but there's no talking in the circle so take the dicks & drink it down, down, down…
Princess charges **Tinkerbell** with interfering with wildlife as he was running whilst carrying a dead parrot. Dude.	**Grub Shirt – Chunda** is going to fetch it from **Cheesecake** so I stop bitching about it
Chilli Willy was not happy with how well organized the run was tonight but couldn't quite work out who to charge for what….	**The Bone – Toad** still has it, Google Maps will fetch it
Tinkerbell charges the **T-Wench** with giving the wrong directions, but Tinkerbell is deaf & fucked up which way she said to go, so they were both sent to the middle to drink away their mutual idiocy.	**The Walking Stick** – **Singapore Sling** gives it **to Figgy.** Reckon's he was a bit slow off the mark tonight as it was 6:20 & he hadn't realized his hash cash wasn't here & didn't call. But Figgy doesn't have his phone at hash
Torque Wench charges **Princess** with stopping in at subway to buy a cookie. I suppose since the trail didn't go past a maccas it had to do	**The Dummies – Toad again!**
Feels figures that since **Princess** is already in the middle, instead of saving it for announcements, he may as well have a drink for having turned 16 yesterday & got his L-plates today!	**Bonus Gift! Chunda** presents the club with a crate full of gyprock & reckons we'll never run out. See pix
