HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

Run 2523 - Caboolture

Hare – CanIHaveAFeel + the Ferals

Hip hip, hooray! It's another birthday run! This time it's your, always busy, usually tardy, so-called-scribe Feels, turning 'old enough to know better & young enough to do it anyway'! This hard working, rollerskating, raving, drinking, bubbly (should be 'drinking bubbly' maybe) bimbo has been dumb enough to turn down the high rollers, free booze casino lounge to clean, cook, set trail, decorate & wait calmly for the Hash to arrive...

...& if you believe that, you'll believe anything! Of course I arrived bang on 6:30, the children set the run & decided to decorate (Thank you!!) I will say I can take credit for the music & food! The Unicorn husband was absent as usual but did make an appearance just as the last Hashers were leaving at the end of the night.

So settle in for another slightly unhinged account of Northside shenanigans.

On on, Feels

The Run

The walkers just so happened to fuck up the runners by getting to the first check & marking off the runners trail by 'accident'. So Torque Wench, who had been screwing around trying to find her I.D. for the drink stop, had to round up all the muppets who were going the wrong way. Once back on track, the trail guided everyone through the most dog-centric area of Caboolture so Struckers could tell all the puppies what a great job they were doing & potentially get mauled for

his good deeds. Once through 'barkers alley', it was a tour of the Christmas lights street, which, being Caboolture & July, was dark & hiding behind foil covered windows. A straight run down to the old PCYC, then through some bush & under a trolls bridge, directly to the pub. High jinks reigned supreme on the way home & everyone was glad to open a bottle & settle in for camerarderie, a fair dose of bullshit & some decent food.

The Walk

The walkers thoroughly enjoyed screwing up the beginning of the runner's trail, convincingly moving as a group in the complete wrong direction until busted by the ever-vigilant Torque Wench! Cheeky fuckers! After being sent the wrong way round the roundabout so they wouldn't cross the trail on the way home, it was a nice straight meander down a gentle incline, through some bush, again with the troll bridges but no drinkie stop for these poor wretches, who luckily had Cheesecake on hand to provide some appreciated re-groups (as he does). Heading towards home back up the gentle incline, everyone knew they were headed straight home &

suitable refreshments for the body, mind & soul awaited them,

The walk was 5.5 **cough 5.98 but they went the wrong way**

The Circle

The R.A. gives notice to fill drinks, Kindy Hash is in the kitchen attempting to make cocktails. Struckers informs us the Elda, Chunda, is feeling crook & sends his apologies. 'Whyyyy aarree we waiting?' Because Kindy Hash is *still* making cocktails...

The **G.M., FIGJAM**, looks around for a sacrificial lamb to guess the run number. Starts with (lamb's) Tail... who gets it right to everyone's surprise, even hers!

Run Count: 20-ish hashers shlepped to South Cairns to be counted *Flower snorts* 'if they've paid!' Significant runs - **Feels** - happy birthday!, **Channel Marker** hit 50 runs/walks/short walks/ security

Figgy halts proceedings for an equipment check - everyone was given a glow stick at the beginning of the run. Cheesecake lost his but snuck a fresh one just before the G.M. called for the check. Structure Fucker left his 'over there' so got dragged into the middle for a drink. Cheesy quietly smirks his way through the song... but karma catches him later...

Hare: Feels (aka **Torque Wench & Princess**)

Toad Count: no toads

Returnees: none worth talking about

Visitors: The internet made **Sherpa & Skid Marks** from Bribie Island come after seeing the BNH3 facebook page, the content must have been absolutely filthy (like Pounda's mind). An interrogation by the G.M. revealed the origin of Skid Marks name but you'll have to come along to Hash & ask them yourself, my lips are sealed.

Run Report: FIGJAM - The G.M. thought the run was 6.5 km, with 'how many regroupings? Fucken none!!' Won't talk about the start, that was fucked. We then had a sprint for 3.5 km to the drink stop. Figgy almost didn't get his beer because he didn't take his I.D (doesn't look a day over 17, oh wait, those numbers are the wrong way around) or credit card, wants to give a score of one because he knows there is good kai coming up but feels he just can't. So, he gives it a three & advises **CanIHaveAFeel** to give the kids a smack.

Run Score: Gives it **3/10**

Walk Report: There were 6 walkers & the G.M. asks **Skid Marks** what he thought of the walk. Forewarns him that a high score is a shit score. Well, he liked the bit in the woods & it was mostly flat, but it was probably a bit longer than expected. Gives it a 3.

Walk Score: **3/10**

Short Walk Report: Cheeky Monkey – Well, there was Cheeky, Channel Marker & Little Squirt who went for a walk & Cheeky Monkey decided to play chicken with the cars by walking in the middle of the street & almost getting them all killed. *(This is Caboolture remember; they are more likely than not to try to run you over even if you're on the footpath).* She's happy she got her steps up & she was totally influenced by whoever yelled out to give it a three. So 3 it is & everyone sends **Feels** back to the kitchen to finish making dinner.

Short Walk Score: 3 /10

Total Score: 9/30 With a previous score of -3001, Feels sacks the kids, & will stick to the trash 😊

The circle was opened to level Charges at Sinners & present Awards for misdemeanors

Sinners & Charges	Awards
R.A's Sinner: At the first check, lots of people were going thataway, the people who went thisaway were the problem though because they were just wandering ... *a random yells* 'because we didn't get called back!' a spirited blame game ensues which gets funnier the longer it goes on. The G.M. finally gets sick of them & wants to know who marked off the arrow – Cheesy gets the blame though clearly blameless (Karma for losing his glow stick!) & the G.M. demonstrates to the crowd that he can be a loud fucker when he wants to be.	Big Dick – Ground Sheet & Corn Cob did not leave it on the grass or in the bush, he gave it a few strokes as well... to Cheesy who takes the cake. At the start of the run
Lost property – G.M. holds up a sprig of eucalyptus branch (R.A. is pissing herself laughing & can't talk) raises the issue of Chunda's heroic donation of chalk so no-one would ever have to use makeshift rubbish to cross out an arrow. So, after the fucking marathon they just ran (with no regroupes so the old bastard G.M. can catch up) show us your chalk & who doesn't have any? The R.A. , Strong As Shit, protests that she didn't put it down, Squirt's involved somehow & the R.A reckons she didn't put 'that' down. General carnage ensues & Feels pours herself another(!) drink, R.A. in the circle to take the charge.	Two Dicks – Neeeddddddd!!!! Wherethefuckareya?
T-Wench , asks the G.M. if she can charge the R.A. , R.A. mutters 'what the fuck?' in disbelief. T-Wench has a whinge about the R.A taking so long to shift her arse to be picked up at the train station. R.A. asks if anyone has charges not for her & someone drops a bottle & gets a cheer for their trouble.	Grub Shirt – Tail to the G.M. for hassling her about a book...but she didn't have the one he wanted but then he really enjoyed the ones she did have.
Corn Cob is charged by Little Squirt (R.A. – shhhiiiiittt) Figgy gave Corn Cob a nice bottle, Corn Cob lost it, a few weeks later, Squirt finds it in the same bag it was supposed to be in. Charges Corn Cob for being stupid.	The Bone – Ten Fingers
G.M. asks Little Squirt if the dummies are all there? No, they are not, as the G.M. finds a	The Walking Stick – Princess to Flower for being older & being a bit slow in picking a song

random rubbish dummy on the trail, (well, it is Caboolture) so it is added to the collection.	
T-Wench bags Google Maps out because she didn't bring her I.D. & almost fucked up the drink stop. Figgy asks if she told everyone (Figgy didn't have his either)	The Dummies – Squirt to Google Maps for bitching about the start of the run, & every time she gets charges, she has to whinge about it
Birthday charge with a horn blast for Feels & there was cake!	Struckers politely points out to the G.M. that this is probably the first time that Feels has not had any toys in the house, Squirt notes that that could be fixed next week. R.A. mentions the Unicorn husband & Feels comments that the dicks seem to have a regular place just next to the TV so he really can't miss them...

This week's Hash Mash: Ooohhh, I remember this! It was a bunch of Asian entrees then a slow cooked apricot chicken & a vegie & beef stir-fry with mashed potatoes or rice noodles as a base. Then the kidlets surprised me with a black forest cake! Yum! Struckers reckons he put on 4 kilos overnight...
