HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

Run 2526 – Caboolture again

Hare – Google Maps

Shut up Pounda! I can hear your OCD/CDO from here!! Whyyyyy did you move to the arse end of nowhere & leave unrealistic expectations of punctuality with the trash? 😊😊😊

It was nice to see you, even though I don't think we're quite up to that trash yet... hmm, no, I'm not having any flashbacks of walking backwards up hills because I was going to pass out from altitude sickness & poor Cheesecake taking pity on me & slowing his pace even though he's still in rehab (the physical kind not the drugs & booze kind, that I know about anyway. Surely the drugs & booze one is more fun!)

I do believe this run was one that I stalked in late to, still in heeled boots & attempted to finish a previous trash but everyone made me laugh too much... yes, it was the early 5:30 fucker with a local public holiday on the day that I work in the city & OF COURSE I work at the mountain on the city public holiday too! Give me the dummies so I can chuck them out of the cot.

Apologies to our visitors last week, I couldn't hear your names over the cheers of approval that you were there, but I think I've got you all this time! Not sorry to your mother-hash's for stealing you this week though 😊😊😊

We may have just corrupted the next generation. There was a kid fishing (I have questions) who cheekily asked if our eskies had alcohol, various eyebrows were raised by the impertinence & he may have been encouraged to join in the future...

On, on, Feels (CanIHaveAFeel)

The Run

Well, wasn't that fun! Some old friends, some visitors, no hills, just over 5 km (I suspect only because Chunda was setting up false trails for the unwary & it's his map that I've stolen) & the runners beat the walkers back to base & had time for an extra beer or two! I did like the false trail that made the runners run all the way up the overpass & admire the rising moon over the D'Aguilar Hwy and then turned them straight back around & sent them home.

No idea if there were any swings to distract kindy Hash for this one but it seems likely since the cheeky Front-Running-Bastards (Torque Wench) weren't that far in front of the rest. Meanwhile, Squirt was manning the BBQ instead of putting his hips out so everyone was fed & no-one died of food poisoning.

The run was 5.62 kms

The Walk

Starting with a gentle perambulation around the Central Lakes estate on well-marked paths & moving around Summerfields Drive, a generous serve of bush was provided, if you can call a park 'bush' & we do!

Cocking a dog-leg or two to end up on Mewett St, Google Maps/Chunda demonstrated a healthy disrespect for Hashers of all abilities, disabilities & disorders by passing God's waiting room (the retirement village), the Devil's expressway (Caboolture hospital emergency ward), directly followed by the local bottlo for those who prefer to drown their troubles. Aaaaand for kindy Hash, a wander past a local high school before turning right & being bailed up by Feels as she finally arrived an hour or so late but just in time for the trash-talking! Huzzah!!

The walk was 4.84 km

The Circle

The **R.A.**, **Cheesecake** calls the circle & the last one talking is Tikka & his Dog. (See last trash)

Run Number: Groundsheet '2026' – **G.M.** – 'good!' **Flower** – 'except that it's 2526...' **G.M.** – 'shit, get in the centre! Right, look at those buggers hiding over there, what's the number **Ten Fingers?**' '2526!!' 'Give a song....'

BUUURRPPP 'Pigfuckingface!!'

Run Count: 22 hare-brained Hashers rocked up & were counted with **Flower** scoring **600 runs/walks/stalks!!!** A big cheer goes up for Flower not having anything better to do than hang out at Hash... We have a virgin, **Cherry** on 1 & **Toad** reckons he was missed except he wasn't; he was just too busy yapping so into the circle he goes for a song & a drink

Hare: **Google Maps** & co-Hare **Chunda**... well, here's an opportunity to vent some opinions!

Toad Count: **Toad** has been counted twice now; there is general banter & an opinion that he should pay twice if he's counted twice (does that mean he drinks twice too?)

Virgin: **Cherry** – Mother-Hash is Port Moresby, so I'm used to a little more danger, there were no life-threatening situations today, so it was actually quite nice. Then in Fiji – somewhere-atoka?? FIGJAM said I had to say something nice about them to mitigate slandering opportunities, which is exactly what happened. Had to talk him up big & pretend he's a bit of a legend up in Port Moresby... *Who made you cum?* FIGJAM!!

FIGJAM's response – 'Get out of my FUCKING circle.' *general rubbish comments*

Visitors/Returnees: **Brown Eye**, **Sherpa**, **Skid Mark**, **Robinson Crusoe** & **Red Hot Chilli Willy**. I probably stuffed at least one up though. Oops! Chilli's been livin it up on the sunny coast, Robbo didn't give a shit, Brown Eye's been in Nz & elsewhere but not here.

Run report: **Brown Eye** – takes a deep breath – give it maybe a 4, we went through a few diversions along the way, it was generally a pretty good run, bonus that we got back before the walkers, so it was set up pretty well. The co-hare pipes up with 'well I reckon it was a 1' but there's no talking in the circle! Shut up Chunda!

Run Score: Gives it 4/10

Walk Report: Ten Fingers gives it a 7 out of 10!! He states that it was lousy & no good! Too much space between the arrows, he had to keep hunting & looking for them!

omg, the controversy! Various opinions (which no-one asked for), calls of bullshit, some quite filthy insults against a background of grumbling from the elda generation, screams of laughter & mortification from kindy Hash & general amusement at the ongoing shitshow from everyone else

Final word came from he that **should** have been silent in the circle *cough CHUNDA though it sounds like Cheesy on the 5th frigging playback *new name* - *Chundy* cough* 'Ten Fingers... if you'd walked faster, the arrows would have been closer together.'

Fucking smart arse. Of course everyone starts pissing themselves laughing.

Walk Score: 7/10

Short Walk Report: Little Squirt went to the car & back for food... **Robinson Crusoe** was late, but it was an excellent run because we started late & it had all been marked off & we could find all the arrows – there were lots of arrows!!! 1/10

Short Walk Score: 1/10

Total Score: 12/30

The circle was opened to level Charges at Sinners & present Awards for misdemeanors

Sinners & Charges	Awards
Cheesy's Sinners – first of all the 2 muppets who were on top of the climbing frame, from the kindy Hash - Torque Wench & Google Maps ... WTF were you doing? Apparently racing to the top & just because Cheesy can't... *cue competitive charge in 3.2.1.....* 'stay in the circle...' bingo! Hash is non-competitive! 2 drinks & 2 songs for 2 muppets	Big Dick – Google Maps sends the big dick back to its defacto home with T-Wench for dicking up the trail & trespassing on a random persons property. Also, for passing 3 arrows & not calling 'On-On' for the nitwits behind her oooohhhhhhh!!
Chunda starts telling a story so settle in for the short version... *Trail set yesterday. *Maps had to remark it today. *There was a two-way. *Who went into a random person's driveway? T-wench scores the trifecta of charges! Huzzah! Everyone gets a laugh & Feels is a little smug that the child is not boring 😊😊	Two Dicks – missing in action with Ned?
Structure Fucker comments that there is a rather odd person here this afternoon. Gee, ya think?!? Everyone bar one has long sleeves on... Chunda ... but now he's shaking & shivering in the cold, someone give him a hug. Talk about Elda abuse!	Grub Shirt – Toad gives it to Chunda for deceit & for lying to Toad. No idea what that's about but hey. Chunda reverses as Toad has no idea what a false trail was. Jebus, it's turned into family court, he said, they said, intakes of breath, the whole shebang.
Squirt charges Maps with not being domesticated because she didn't know the difference between tin foil & baking paper. Corn Cob the chef, chips in with his professional opinion that it should have been a reverse charge as you can cook on baking paper, but everyone is already having a drink.	The Bone – Singapore Sling – was going to go to Princess but he needs toothpicks to hold his eyelids open because he's too tired to come to Hash, so gives them to Squirt , to strengthen his hips.

Figgy asks Flower if Tail didn't bring a 600 badge for her run. Flower bravely tries to defend Tail, who has been galivanting at Hashy campsites without her *the circle gasps in horror & starts questioning if the apocalypse is imminent* Hash sings you are our Flower, our only Flower till a punter opines that they thought it would be the slapping song...	The Walking Stick – Flower searched high & low in the garage & found it but since Flower has been forgetful, she wants to keep it for another week...
Little Squirt targets Maps again for not being domesticated by burning herself 2 seconds after	The Dummies – Toad to Dog for whinging about how long the run was but then realizing he had no idea what time it started
Struckers charges Ten Fingers . Reckons the reason Ten Fingers misses the arrows is as he follows & can't see anything anyway. Ten just shrugs & asks for his song
