HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

Run 2527 – Caboolture

Hare – Dog's Eleventyhundred Run

Third time lucky for those who live in South Cairns (Caboolture for the slackers who haven't been paying attention) Will it also be a 2nd publication for this week? Might Feels actually be catching up to where the trash' are supposed to be? Oh don't be so fucking ridiculous, they'll turn up when they turn up 😊😊

We are on a Cabo three-peat & back at Centennial Lakes after a nip across to Central Lakes last week. **It is Dog's 1100 run!!** I want to know if Dog thinks all the Hashing has made him feel older or younger. Truly a phenomenal achievement! Three cheers & four paws to Dog!

On, on, Feels (CanIHaveAFeel)

The Run

Starting in the opposite direction from the last one, there were quite a few stairs in the beginning.

Lots of wending & winding to follow the river around the top end of the park & a few false trails before utilising the bouncy bridge from Princess/Torque Wench's run to cross to the seedy side of the swamp.

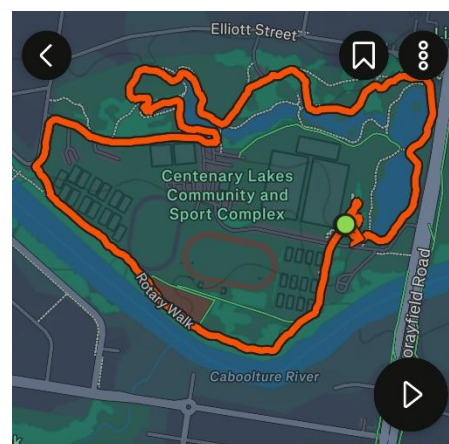

A few corners to avoid the cops in the dodgy end of town, then a long straight by the river to make sure anyone getting mugged had backup.

The run was 3.9 kms

The Walk

The walk was an easy 3 km because Dog left his Anchor (Winston) at home so he could move faster. Someone remind me how many dogs Dog has.

A twisty walk through the pathways of Centenary lakes where eels, turtles, angry geese & ducks abound. A sneaky arrow that may or may not have pointed to a jump off a brick wall (we jumped) to a lower path with a lake right at the edge of the pathway may or may not have deliberately tried to put several hashers in the drink, particularly those who didn't have a torch... Sneaky Dog!

The Circle

The GM, **FIGJAM**, rhetorically asks what the run number is, a very loud & proud '2527!' is yelled out. With the circle chuckling to themselves because now they won't be called out, **Little Squirt**, is told to get in the middle, with some mug yelling 'on your knees!' For giving the number away & depriving the G.M. of the satisfaction of making them all squirm, Flower gives Squirt a song while he down, down, downs...

Run Count: Somewhere between 19 & 22 Hashers rocked up, I keep losing count because some fucker keeps letting rip some truly appalling belches to make Flower interrupt her sacred spiel of the run count. However, she just keeps her pen poised over the paper, shouts out the traditional 'pigfuckingface' & continues her Hash worshipper count.

Hare: Dog – didn't bring **Tikka or Anchor** so gets penalized with an extra 4 points per category.

Visitors: Sherpa, Skid Mark

Run Report – Princess - great run, twisty & turning, some little 2-way choices, got to see the homeless people, we get to the bouncy bridge, then head back.

Run Score: 2/10 +4 = 6/10

Walk Report: Structure Fucker – claims he did it with the Hare, thought it was quite good but once he was comfortable & turned his light off, Struckers was blind as a bat. He tried to turn his own torch on, but the batteries were flat, so had to find his own way in the dark.

Walk Score: 3/10 +4 = 7/10

Short Walk Report: Channel Marker was running amok with Cheeky Monkey & Ground Sheet
buuuuuuuuuuuurppppppp 'Oh, you pig fucking face!'

Short Walk Score: 1/10 + 4 = 5/10

Total Score: 18/30

The circle was opened to level Charges at Sinners & present Awards for misdemeanors

Sinners & Charges	Awards
Cheesy's Sinners: Little Squirt when circle was called, wasn't quick enough to take off his hat.	Big Dick – Torque Wench to Princess – she was chasing him because he kept yelling onion (instead of on-on) so she was going to pickle him.
Cheesy burns Kindy hash for being competitive... Princess & Torque Wench (they deserve it) racing each other. Build a bonfire & burn the racers. Ok get out & back to your toys. Noooooo, they'll get back on the swings!	Two Dicks – find out next week!
Chunda tries to charge a handful of walkers for not following the trail. Calls out Cheesy , Feels & other unnamed walkers for not jumping down the wall, except we did! Hey, anything for a bonus drink!!	Grub Shirt – Toad to Dog , because he thought it was a pretty shitty run, not just for the space of arrows but it was covered in shit (rubbish). Sexist wolf whistles galore as they strip & swap shirts.
Corn Cob charges Cheeky Monkey with a birthday beer as last Sunday was a special day, she turned 40! Figgy enquires if anyone else got an invite to the b'day party? Give her a Hashy birthday song!	The Bone – Little Squirt is keeping the bone as he's still broken.
Figgy has so much spare time on his hands that he drives around watching/stalking the local handicap parking spots & being judgy. Recently he was watching what he called a particularly inept driver moving in & out & back & forth. He then realizes it's ET!! Drags her in the circle to general laughs.	The Walking Stick – Flower to Squirt because he was broken.
Skid Mark charges Dog for being without his dog. Dog set the run on his bike, there was no room for the dog on the bike & so Dog is without his dog. He ought to be publicly pissed on.	The Dummies – Dog retrieves the dummies from his arse crack & gives them to Chunda to suck on because he's injured & being a bitch about it.
CanIHaveAFeeel offers Torque Wench a bonus drink for doing all the picking up & dropping off & says she'll drive next week.	Cheesy offers Dog's 1100 th run a bonus drink. My ears are bleeding with the Circle's efforts for that song trying to stretch a one syllable name into a 2-syllable space, with truly appalling results. Applause for Dog drowns out the cacophony.
Figgy puts Dog in the middle with questions about leaving his wardrobe lying around after finding a random dress & clothes on the trail.	Chunda offers congratulations for surviving 1000 runs together then sneaks in that Chunda is still ahead by a hundred or so runs. Cheesy suggests Chunda gets in the middle since there's no bragging or competition at Hash. Chunda gets in the middle for an extra song & at least they kind of sang together this time.
