HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

Run 2528 - McDowell

Hare – Flower/FIGJAM

Live hare!! Look out Hashers, FIGJAM might still be out there... Flower deputed Figgy to set the run & walk for her, she must have had a decent bribe up her sleeve because we all know how Figgy feels about long runs on a Monday night...

She really had it in for us as I don't believe there was a single meter of flat land ANYWHERE on that trail. Up & down hills, through gates, walking up hills backwards while Cheesy spins his motivating bullshit 😊 😊 We plunged down to the depths of the creeks which should have names like 'the Styx' & 'Trollhaven' & took a walk on the wildside with a long meander through a nature reserve where I swear you could hear the rats gathering to have a nibble on Ten Fingers heels if he got lost.

Regroups were provided & Cheesecake didn't even have to do it himself, but someone apparently had no chalk & oh so delicately used leaves to cross off a check point. Do they get charged? And did anyone catch the Hare? Read on, all you winded Hashers, read on & find out 😊 😊

I'll admit this was finished while I drank a bottle in my favourite dive bar in the valley... while waiting for T-Wench to fetch me after a Thirsty Hash run 😊 😊

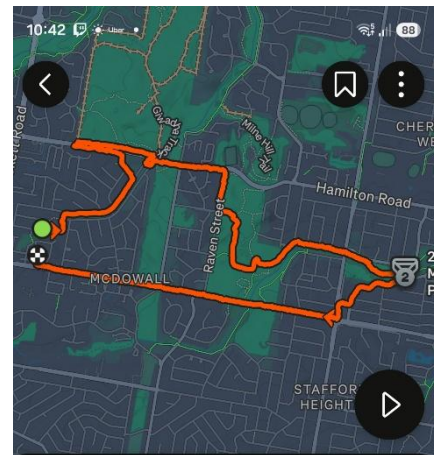

On on, Feels

The Run

Ohhh, this run won't be forgotten for a while. Starting out with Dog lowering property values & 'having words' with the locals about his 'parking' (what is it with you lot & creative/freestyle parking). As Chunda called it 'Flowers run set by G.M., big fucken marathon.'

Started off having no fucking idea where to go, then some bright spark found an arrow & off we went, lots of turns & more turns, up & down hills, crossed Downfall Creek, 10/10 would not recommend.

The run was 8.41 kms!! Figgy should know better...

The Walk

The walk was brutal! Holy Dooley! Feels has kinda felt like she has actually been feeling a tiny touch fitter lately... Well, this trail put me right back in my place didn't it!!

So many hills! So many BIG hills. It was very interesting; I'll give it that. Up through suburbia, down across a dirt track (which had truly majestic arrows smudged & chalked into the gravel) under some troll bridges where even the pigeons are scared to sleep, up a godforsaken bastard of a hill only to go bush. Lucky I had Cheesy for company, or I would never have made it out alive!

More hills, thought we lost the trail but kept going, then WE BUSTED THE HARE! Poor Figgy was putting in the last 2 arrows in the reverse direction & we caught him. Yippee!

The walk was 5.83kms. Felt like 58.3kms, maybe it was if you factor in altitude as well.

The Circle

The **R.A., Strong As Shit**, considerably asks everyone to fill their glasses. (Shiiiiitt R.A.1), directs GM & Hash Elda to refill 'OR ELSE' (Shiiiiittttt R.A.2)

The **G.M., FIGJAM**, gives the warning for the circle & 'Welcome to run number...Smoothie!' Who sweetly replies '2528!' 'Well done!!'

Run Count: Hash cash is **Singapore Sling** as Flower is bitchin in the kitchen with Tail. Actually, she's had an absolutely shit day with loved ones seriously unwell, but she has still managed to pull everyone together. Hats off to the pretty girl! Singapore informs us that he can give us Flowers count but of course we all know that his accent makes this sound simply perverted.

22 feral Hashers who deserve to be eaten by trolls, rocked up to the park in the middle of butt fuck nowhere suburbia. **Corn Cob** 111 & **Tail** of course turns 4000 oops, scores 400 runs!!

Hare: Flower/FIGJAM both you idiots get in the middle

Toad Count: none that I'm aware of

Returnees: Tail!! Aka 'I've been everywhere man' been to Imbil, Malany, fundraising, Dayboro, didn't have to go to Caboolture for 3 weeks...

Run Report: Toad, too. many. hills! & can you believe it, we caught the hare! He liked the views, so he gives it 7/10 (Shiiiiitt R.A.3)

Run Score: 7/10

Walk Report: Ten Fingers Too many hills, ohhh, too many hills! 8/10

Walk Score: 8/10

Short Walk Report: Cheesy, (who did the whole walk. With me!) No-one did the short walk, move on.

Short Walk Score: N/A

Total Score: 15/20

Flower tenders sincere thanks to FIGJAM for setting the trail, E.T. & Singapore Sling for helping with Hash Cash & Tail for organizing the rice & food, much appreciated

The circle was opened to level Charges at Sinners & present Awards for misdemeanors

Sinners & Charges	Awards
R.A. Sinners: question – was it the people who caught the Hare? Ten Fingers didn't get lost so not a sinner, boooo	Big Dick – Tail, to Flower – Tail has done 400 runs & blames her sister Flower
Structure Fucker gives Cheesy a bollocking for suggesting that Struckers walk with 10F so he doesn't get lost & that Chessy would leave lots of regroupes for them... Cheesy did not. Though we did wait for ages at the one the Hare put in, we left a note... pic below Has anybody seen his regroupes?	Two Dicks – Google Maps is MIA
Tail invites Dog into the middle – had to remind the local that it was public parking. It was a demo of how he never made the diplomatic corps. He's the meanest!	Little Squirt is keeping the Bone as he is still broken
Torque Wench – someone has new shoes – Squirt . He thought T-Wench wouldn't remember & Figgy points out that you put the beer in the shoe, so it flushes the germs out...	Walking Stick – Squirt to Chunda for being a runner who walked behind the walkers, one was pretty young & one was pretty old so to the Elda it goes...
T-Wench – Toad & Princess for being squealers when calling on-on's...	Dummies: Chunda asked the R.A. for permission to dummy up the G.M. for consistently bitching about long runs on a Monday night. It was 8.5 fucken kilometers & he set it himself!
Chunda provides a bonus drink for Channel Marker & brings out a banana so she can stick her lady fingers elsewhere, reckons 'this' is a man finger. Figgy contributes the observation that his banana tree should have enough for 10 fingers at Christmas time...	Dog keeps the Grub shirt for himself
Structure Fucker dobs a group of runners in for walking! behind the last walkers. Had to remind the dumb fucks that they were runners... – Chunda & Torque Wench & the R.A.	Ten Fingers attempted a charge, but of course it got reversed for being full of shit
Ground Sheet charges Cheeky Monkey for not wearing her birthday necklace to hash.
