HASH TRASH

It is a truth universally acknowledged that the hash trash never lies. What you are about to read either has happened, is happening now, or will happen at some time in the future. Or nearly, anyway.

Run 2529 – Benham Ave, Kallangur

Hare – Mystery Hare - Pounda

Choo choo… All aboard the trash train!

This fine evening we are reminiscing about the good ol' days of Pounda running the show, since he has seen fit to gift us with a visit from the mexican pueblo (south of the border in Victoria for the ignoramuses)!

Since Pounda has become a lazy old bastard & enjoys giving rather than taking these days (orders that is), Cheesecake set the run, well, one of them did, so since 'Chounda' has become the bromance of Chunda & Pounda, I now introduce you to 'Poundacake'. If they ever all collaborate I guess it will have to turn into a Choundacake & none of us want to imagine that!

In true hashtorical style, some 'legends' & 'lore' burp their way out of the depths of depravity that are usually buried in the mud that sticks below. See charges & enjoy the entertainment…

Speaking of burps, I think we need Flower's input for an official scale of offensiveness. May be a mission for the next trash…

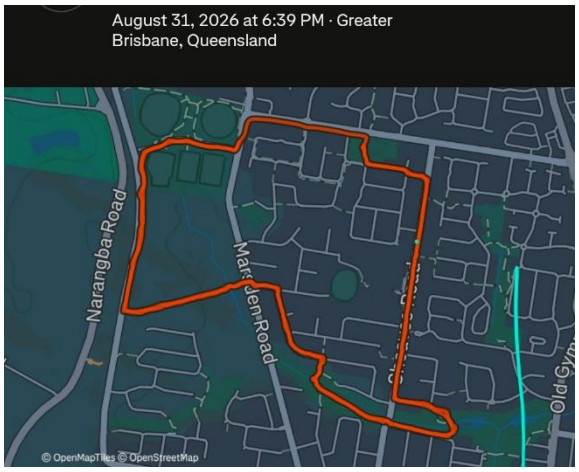

The Run

Poundacake set the run & since it was Poundacake (who enjoys a bit of bush), there was bush! We left Yarabee Park with some false trails for the front running bastards to wear themselves out on, up & back along Whitehorse Rd with a detour to the pedestrian crossing on Marsden Rd, leaving a golden opportunity for short cutters to be charged if they ran straight across with blatant disregard for road rules.

Sending everyone around the fields at Bob Brock Park, (getting bushier by the second) it was a long straight down Thompson Rd with another falsie before MOOOORE BUSH! Long loops through Max Hooper Park & Ron Westaway Park & finally a little civilisation through the back streets on the way home.

The run was 6.57 kms according to the G.M (& we ain't arguing with him)

The Walk

Starting from Yarrabee park with the runners, the walkers let them sort the false trails & merrily sauntered on their way up to the crossing at Marsden Rd, naturally, following the road rules…

Instead of rounding the outside of the sports fields, Poundacake ensured we got back in time for drinks but sending us through the middle of the park, then along the straight of Thompson Rd & into the bush so we could heckle the runners along the trail. Following Sheaves Rd back to the park, general shenanigans & Pizza were offered for all to enjoy

The walk was 4.84 km

The Circle

The **G.M.** was a little teste & didn't bother waiting for the R.A. to give a 2-minute warning, just called the circle & started looking for the last person sitting down, talking or wearing a hat in the circle… Now who might that be?

Ten Fingers was still wearing a hat so was asked to come into the circle but got lost on the way & was asked for the run number! He guessed 2529, was absolutely correct, so was called a dickhead & offered the 'How stupid is that Hasher' song for wearing his hat & being an argumentative old bastard.

23 of Pounda's headaches *cough* Hashers *cough* gathered to hear **Pounda's** run count of 439 & witness **FIGJAM**'s delight when he realized that after all these years, Figgy had overtaken Pounda's attendance record. Pounda opines that it's all the government's fault. Figgy agrees & delivers his weekly history bullshit story about how an ancient politician once declared 'god save the queen (though he had to think about that for a minute) because nothing will save the Hare!' With this declaration delivered, the Hare & Hairier were invited to the circle to be publicly pissed on.

Pounda & Cheesecake entered the arena… Some comments may have been made about the marks being changed by mischievous beings & a rebuke that the yellow bollards are for Pounda to ride into… not hide arrows behind them! Tail gets the giggles.

Run report: Ned thought the run was excellent. Well-marked, very excellent. Asked what an excellent score would be & was informed a 1 would be acceptable… Ned gives it **5/10** 😊 😊

Walk Report: Tail praised the excellent trail, with a mouthful of food. Various suggestive comments regarding more than a mouthful were heard in the background. She f7elt it was poorly marked in several places, noted that having a re-group rubbed out was no excuse for not regrouping & there were a few inclines. She liked crossing the shiggy stream… Burp 'pigface'

Walk Score: 1.5/10

Short Walk Report: Guest, **Sue,** found the slopes a little tiring but she made it!

Short Walk Score: 1.5/10

Total Score: 8/30

Visitors/Returnees: Sherbert & Pounda were dobbed in – **Sherbert** has been here & there & had pirate (eye) surgery, **Pounda** expounded about the general mayhem that comes with living in Mexico/Melbourne & political & army bullshit…etc. It all sounded like rubbish, so we were moved onto our visitor!

Virgin: Sue was born in Africa, started Hashing in Brunei but is retired in Oz & not doing very much, when asked who made her come, she dobs in **Ten Fingers**, who pleads guilty, to general hilarity & comments about being a bimbo & always getting lost.

The circle was opened to level Charges at Sinners & present Awards for misdemeanors

Sinners & Charges	Awards
R.A.'s (Cheesy) sinners? R.A. declines & moves to charges, which means he probably holds something rather special in his hand…	**Big Dick – Flower** awards the big dick to her sister **Tail** for running across the runner's trail like a big dick!
Figgy charges **Singapore Sling** with being lazy & not running anymore (S.S. is gently recovering from a stroke a few months ago). Figgy is sick of **E.T.** telling him how to run, he would have told her to fuck off but he couldn't breathe from running up a hill. **Corn Cob** questions if this doesn't constitute the heinous crime of whinging in the circle… G.M. points out rule No.1 the G.M. is always right, referenced by rule no. 2: see rule no. 1.	**Two Dicks** – **Ned to Princess** – was going to give them to him for not having a torch. So, he's getting them for not having a torch…
Figgy opines that sometimes karma grabs someone by the….. he gives the Hares 10/10 (do we interpret this as a shitty 10/10 or a fabulous 10/10?), as on the runner's loop, what do they have the pleasure of witnessing? 2 short-cutting walker bastards veering onto the runner's trail!! Did the G.M tell them? Or did he just let them continue on their merry way along the runner's trail??? Who was it? Was it **Tail**? Was it **E.T**.? Or was it the virgin **Sue**? They all look pretty guilty in the pics…	**Grub Shirt – Dog** to **Princess** for not having a torch
Struckers declares to the R.A. that some lost soul has brought a torch that has to be wound up but it only lasted 30 seconds… **Ten Fingers** pleads guilty for the second time tonight & we are all impressed that he made it last 30 seconds! **Ten Fingers** then claimed that outside Hash he thinks that he is clever & the calls of buuuullshit, buuuullshit begin…	**The Bone – Squirt to Princess** for being a bonehead & not having a torch
Buuuuurp! **Little Squirt** demonstrates to **Pounda** that he has continued the tradition of aggravating **Flower** by producing truly offensive burps that began waaaaaaay back, with self-described hash legend **Chunda.**	**The Walking Stick** – no fucken idea this week!

We really need an offensiveness scale for Flower's finest poetry that starts with 'pigface' & sometimes makes it to a 'Jesus FUCK!'	
Corn Cob charges **Squirt** for being so tall that he hits his head on the roof of the car & says 'ouch' when **Ground Sheet** drives over a speed bump too fast. Squirt attempted to reverse the charge… **Pounda** asks if he was looking out the window or licking the window…	**The Dummies – Figgy** gifts **E.T.** with the dummies to give to **Singapore Sling** because he needs to get up out of his wheelchair so she can bitch at his walking style instead of critiquing Figgy's running.
Structure Fucker, in a fit of verbosity, begins describing a runner that started walking, that thought we couldn't hear him panting behind us (**Pounda** interjects – thought he was trying to make love to you because he was walking so close behind you, you almost had a **Princess** up your rear). Give the kid a drink.	**DOG! Celebrates his 70th BIRTHDAY** with a song that only Flower & Little Squirt knows but everyone admires them for sticking it out & gives Dog a huge cheer!! Happy Birthday Dog!!
Figgy's flexible memory (dementia) kicks into action & he decides he needs to address the R.A. again with another charge & the dumbarse lets him! After a little wander through parliament (detritus of the mind) we are made aware of a situation involving the Mexicans (**Pounda & B1)** having a 'dinner date' that may have included excessive alcohol consumption, peer pressure, consequences & none of us giving a fuck except **Torque Wench** who leapt to the defense of her beloved only to be shiiit on, shiiit on, shit on the Hashers below in Mexico!	**Pounda** provided us all with the comedy routine of the night with a tale about making himself good looking by having a shave (watch out Beat-A-Root, you know what he's looking for…)
